HRSA COVID-19 Claims Reimbursement for Uninsured Patients
(Application Deadline: Rolling)

HRSA provides an electronic reimbursement portal for healthcare providers who have conducted COVID-19 testing or provided treatment for uninsured individuals on or after February 4, 2020. Reimbursement will be made for qualifying testing and treatment services, which include: Specimen collection, diagnostic, and antibody testing; Testing-related visits in the office, urgent care, emergency room, or telehealth; Treatment including office visits, telehealth, emergency room, inpatient, outpatient/observation, skilled nursing facility, long-term acute care, acute inpatient rehab, home health, emergency ground ambulance transportation, non-emergent patient transfers via ground ambulance, and FDA approved drugs as they become available for COVID-19 treatment and administered as part of an inpatient stay; When an FDA-approved vaccine becomes available, it will also be covered. **LEARN MORE**

Foundation

Open Road Alliance
(Application Deadline: Rolling)

The effect of the COVID-19 pandemic on the impact sector has reached natural disaster proportions in its scope and scale, which means that the global need for our 'emergency' capital vastly outstrips our available resources. Given this reality, we have decided to use our limited resources to best serve the sector under the following circumstances: 1) Charitable Grants: Will only be offered to organizations responding directly to COVID-19. Awards can be up to $100,000. 2) Loans: Open Road will be offering four loan products to organizations affected by COVID-19: i) Lost Event Revenue, ii) Accelerating Incoming Emergency Funds, iii) Co-investment to Support Social Enterprises, and iv) Deep Impact Loans. As always, all of our grant and loan products will be subject to Open Road's traditional criteria: We only make a loan or grant to an organization that is 1) otherwise fully funded, then 2) hit an unexpected, external roadblock (i.e., COVID-19), where 3) Open Road's loan can fully solve the problem at hand and 4) demonstrate the potential to create catalytic impact. In this time of exceptional need, we will be prioritizing impact. **LEARN MORE**

RWJF Pioneering Ideas: Exploring the Future to Build a Culture of Health
(Application Deadline: Rolling)

Pioneering Ideas: Exploring the Future to Build a Culture of Health seeks proposals that are primed to influence health equity in the future. We are interested in ideas that address any of these four areas of focus: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work. Additionally, we welcome ideas that might fall outside of these four focus areas, but which offer unique approaches to advancing health equity and our progress toward a Culture of Health. We want to hear from scientists, anthropologists, artists, urban planners, community leaders—anyone, anywhere who has a new or unconventional idea that could alter the trajectory of health, and improve health equity and well-being for generations to come. The changes we seek require diverse perspectives and cannot be accomplished by any one person, organization or sector. **LEARN MORE**

Federal

SAMHSA Certified Community Behavioral Health Clinic Expansion Grants
(Application Deadline: March 1, 2021)

The purpose of this program is to increase access to, and improve the quality of community mental and substance use disorder treatment services through the expansion of CCBHCs. CCBHCs provide person- and family-centered integrated services. The CCBHC Expansion grant program must provide access to services including 24/7 crisis intervention services for individuals with serious mental illness (SMI) or substance use disorders (SUD), including opioid use disorders; children and adolescents with serious emotional disturbance (SED); and individuals with co-occurring mental and substance disorders (COD). SAMHSA expects that this program will provide comprehensive 24/7 access to community-based mental and substance use disorder services; treatment of co-occurring disorders; and physical healthcare in one single location. **LEARN MORE**

HRSA Rural Communities Opioid Response Program – Implementation
(Application Deadline: March 12, 2021)

This funding opportunity, RCORP-Implementation, will advance RCORP's overall goal by strengthening and expanding SUD/OUD prevention, treatment, and recovery services to enhance rural residents' ability to access treatment and move towards recovery. **LEARN MORE**

HRSA Ryan White HIV/AIDS Program Part F Dental Reimbursement Program
(Application Deadline: March 12, 2021)

The purpose of this program is to improve access to oral health care services for low income, uninsured, and underserved people with HIV, and to train dental students, dental hygiene students, and dental residents to deliver dental care to people with HIV. The DRP accomplishes this by defraying a portion of unreimbursed dental care costs incurred by treating low income, uninsured, and underserved people with HIV at accredited dental or dental hygiene education programs recognized by the Commission on Dental Accreditation. **LEARN MORE**

HRSA Early Childhood Comprehensive Systems: Health Integration Prenatal-to-Three Program
(Application Deadline: March 15, 2021)

The purpose of this program is to build integrated maternal and early childhood systems of care that are equitable, sustainable, comprehensive, and inclusive of the health system, and that promote early developmental health and family well-being and increase family-centered access to care and engagement of the prenatal-to-3 year old (P–3) population. A maternal and early childhood system of care brings together health, early care and education, child welfare, and other human services and family support program partners—as well as community leaders, families, and other stakeholders—to achieve agreed-upon goals for thriving children and families. The P–3 period is a particularly critical period of early child development and parentdriven change. The ECCS program will advance intergenerational health equity and expand state capacity to reach and engage families during this critical period. **LEARN MORE**

CMS Community Health Access and Rural Transformation (CHART)
(Application Deadline: March 16, 2021)

The Community Health Access and Rural Transformation (CHART) Model is a voluntary payment model designed to meet the unique needs of rural communities. The CHART Model will test whether aligned financial incentives, increased operational flexibility, and robust technical support promote rural health care providers' capacity to implement effective health care delivery system redesign on a broad scale. The Center for Medicare & Medicaid Innovation (CMMI) will evaluate the impact of the CHART Model on Medicare and Medicaid expenditures, access to care, quality of care, and health outcomes for rural residents. CHART aligns with CMS's Rethinking Rural Health initiative, which aims to ensure individuals in rural America have access to high quality, affordable health care by offering new and creative payment models.   The CHART Model will include two tracks: 1) the Community Transformation Track and 2) the Accountable Care Organization (ACO) Transformation Track. This Notice of Funding Opportunity (NOFO) is for the Community Transformation Track only. Under the Community Transformation Track, award recipients will receive cooperative agreement funding and a programmatic framework to assess the needs of their Community (as defined in section A.4.3.1. Community Definition below) and implement health care delivery system redesign. Hospitals participating in the Community Transformation Track Alternative Payment Model (APM) will receive capitated payments. Capitated payments provide hospitals with a stable revenue stream and incentivize reductions in fixed costs and avoidable utilization. Operational flexibilities will be available for participating hospitals to relieve regulatory burden, emphasize high-value services, and support providers in care management for their beneficiaries. **LEARN MORE**

CDC Comprehensive Addiction and Recovery Act (CARA) Local Drug Crises Grants
(Application Deadline: April 1, 2021)

The purpose of this program is to prevent and reduce the abuse of opioids or methamphetamines and the abuse of prescription drugs among youth ages 12-18 in communities throughout the United States. This program is an enhancement to current or formerly funded Drug-Free Communities (DFC) Support Program recipients. **LEARN MORE**

HRSA Evidence Based Telehealth Network Program
(Application Deadline: April 2, 2021)

The twofold purpose of this program is (1) to demonstrate how health care systems can increase access to health care services utilizing Direct-to-Consumer (DTC) Telehealth technologies and (2) to conduct evaluations of those efforts to establish an evidence base for assessing the effectiveness of Direct-To-Patient Telehealth care for patients, providers, and payers. **LEARN MORE**

HRSA Emerging Issues in Maternal and Child Health
(Application Deadline: April 9, 2021)

The purpose of this program is to strengthen the capacities of state1- and/or local-level organizations to respond to emerging public health issues affecting maternal and child health (MCH) populations. Recipients will implement a set of activities under at least one capacity-strengthening area and through these activities address an emerging issue specific to their state or local community. **LEARN MORE**

HRSA Rural Communities Opioid Response Program-Psychostimulant Support
(Application Deadline: April 12, 2021)

RCORP-PS will advance RCORP's overall goal by strengthening and expanding prevention, treatment, and recovery services for rural individuals who misuse psychostimulants to enhance their ability to access treatment and move towards recovery. **LEARN MORE**

HRSA Autism Secondary Data Analysis Research Program
(Application Deadline: April 12, 2021)

The purpose of these grants is to support applied Maternal and Child Health (MCH) research that exclusively utilizes secondary analyses of existing national databases and/or administrative records to determine the evidence-based practices for interventions to improve the physical and behavioral health of children and adolescents with Autism Spectrum Disorder (ASD) and other Developmental Disabilities (DD) across the lifespan, with a focus on addressing the needs of underserved populations for whom there is limited evidence of the effectiveness of interventions, and limited access to screening, diagnosis, and treatment for ASD/DD.1 HRSA supports programs to improve the quality of care for those diagnosed with ASD/DD through education, early detection, and intervention. **LEARN MORE**

Craig H. Neilsen Foundation: Psychosocial Research Grants
(Application Deadline: March 3, 2021)
The Psychosocial Research (PSR) portfolio supports research that addresses the interrelation of behavioral, social, psychological and other quality of life factors that will benefit people living with spinal cord injury. Areas of interest include: aging, caregiving, employment, health behaviors and fitness, independent living, self-management and technology access. **LEARN MORE**

Hearst Foundations Grants
(Application Deadline: Rolling)
The Hearst Foundations support well-established nonprofit organizations that address significant issues within their major areas of interests – culture, education, health and social service – and that primarily serve large demographic and/or geographic constituencies.
In each area of funding, the Foundations seek to identify those organizations achieving truly differentiated results relative to other organizations making similar efforts for similar populations. The Foundations also look for evidence of sustainability beyond their support. The Hearst Foundations assist leading regional hospitals, medical centers and specialized medical institutions providing access to high-quality healthcare for low-income populations. In response to the shortage of healthcare professionals necessary to meet the country's evolving needs, the Foundations also fund programs designed to enhance skills and increase the number of practitioners and educators across roles in healthcare. Because the Foundations seek to use their funds to create a broad and enduring impact on the nation's health, support for medical research and the development of young investigators is also considered. Preference will be given to: (1) Professional development (2) Programs improving access to high-quality healthcare for low-income populations (3) Programs developing and providing specialized care for the complex needs of elderly populations (4) Programs scaling innovative healthcare delivery systems to provide efficient, coordinated care (5) Research, particularly related to finding new cures and treatments for prevalent diseases, such as cancer. **LEARN MORE**

RWJF Evidence for Action: Investigator-Initiated Research to Build a Culture of Health
(Application Deadline: Rolling)

Evidence for Action (E4A), a national program of the Robert Wood Johnson Foundation (RWJF), funds research that expands the evidence needed to build a Culture of Health. A Culture of Health is broadly defined as one in which good health and well-being flourish across geographic, demographic, and social sectors; public and private decision-making is guided by the goal of fostering equitable communities; and everyone has the opportunity to make choices that lead to healthy lifestyles. RWJF's Culture of Health Action Framework, which was developed to catalyze a national movement toward improved health, well-being, and equity, guides E4A's program strategy. **LEARN MORE**

The Commonwealth Fund
(Application Deadline: Rolling)

The mission of the Commonwealth Fund is to promote a high-performing health care system that achieves better access, improved quality, and greater efficiency, particularly for society's most vulnerable, including low-income people, the uninsured, and people of color. The Fund carries out this mandate by supporting independent research on health care issues and making grants to improve health care practice and policy. In its more than 100 years, the Fund has worked by: (1) Demonstrating pioneering approaches and evaluating their results (2) Convening experts across backgrounds and disciplines (3) Publishing the results of our research and disseminating evidence. To apply for a grant from the Commonwealth Fund, please submit a letter of inquiry (LOI) using the online portal. We acknowledge LOIs upon receipt and will contact you to request additional information if needed. Applicants are typically advised of the results of their inquiries within a month and often sooner. LOIs are accepted on a rolling basis. Current funding priorities include vulnerable populations, tracking health system performance, health care coverage and access, international health policy and practice, controlling health care costs, advancing Medicare, Federal and State health policy. health care delivery system reform. **LEARN MORE**

NIH Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research (Parent F31-Diversity) (Application Deadline: April 8, 2021)

The purpose of this Ruth L. Kirschstein National Research Service Award (NRSA) Individual Predoctoral Fellowship to Promote Diversity in Health-Related Research award is to enhance the diversity of the health-related research workforce by supporting the research training of predoctoral students from diverse backgrounds including those from groups that are underrepresented in the biomedical, behavioral, or clinical research workforce.

Through this award program, promising predoctoral students will obtain individualized, mentored research training from outstanding faculty sponsors while conducting well-defined research projects in scientific health-related fields relevant to the missions of the participating NIH Institutes and Centers. The proposed mentored research training is expected to clearly enhance the individual's potential to develop into a productive, independent research scientist. This Funding Opportunity Announcement (FOA) does not allow candidates to propose to lead an independent clinical trial, a clinical trial feasibility study, or an ancillary clinical trial, but does allow candidates to propose research experience in a clinical trial led by a sponsor or co-sponsor. **LEARN MORE**

HRSA Behavioral Health Workforce Education and Training (BHWET) Program for Paraprofessionals
(Application Deadline: April 12, 2021)

The purpose of the BHWET Program for Paraprofessionals is to develop and expand community-based experiential training such as field placements and internships to increase the supply of students preparing to become peer support specialists and other behavioral health-related paraprofessionals while also improving distribution of a quality behavioral health workforce. A special focus is placed on the knowledge and understanding of the specific concerns of children, adolescents, and transitional-aged youth in high need and high demand areas at risk for behavioral health disorders. The BHWET Program for Paraprofessionals emphasizes establishing relationships with community based partners (e.g., emergency departments, faith-based organizations, first responders, judicial systems, health centers, social services, community policing organizations, recovery community organizations or other peer-based recovery support organizations), to increase access to behavioral health services to populations across the lifespan. The program will expand and improve access to quality treatment and foster an integrated approach to address behavioral health prevention, treatment, and recovery services, including but not limited to Opioid Use Disorder (OUD) and other substance use disorder (SUD), in high need and high demand areas.1 The program also emphasizes developmental opportunities and educational support in interdisciplinary collaboration by utilizing team-based care in integrated, interprofessional behavioral health and primary care settings and recruiting a workforce interested in serving high need and high demand areas. **LEARN MORE**

RWJF Harold Amos Medical Faculty Development Program (AMFDP)
(Application Deadline: March 17, 2021)

The Harold Amos Medical Faculty Development Program (AMFDP) offers four-year postdoctoral research awards to physicians, dentists, and nurses from historically marginalized backgrounds. Scholars should be committed to working toward eliminating health disparities by achieving senior rank in academic medicine, dentistry, or nursing. The program provides scholars with: 1) development of research, academic, and leadership skills; 2) ongoing mentoring by a distinguished national advisory committee; 3) a grounding in the social determinants of health, health equity, and the elements of a Culture of Health; and 4) growth in communications skills to advance the impact of scholars' research and scholarship in the field. In this grant cycle, RWJF will fund up to 10 four-year awards of up to $420,000 each. Scholars will receive an annual stipend of up to $75,000 each, complemented by a $30,000 annual grant to support research activities.

SAMHSA Certified Community Behavioral Health Clinic Expansion Grants
(Application Deadline: March 1, 2021)

The purpose of this program is to increase access to, and improve the quality of community mental and substance use disorder treatment services through the expansion of CCBHCs. CCBHCs provide person- and family-centered integrated services. The CCBHC Expansion grant program must provide access to services including 24/7 crisis intervention services for individuals with serious mental illness (SMI) or substance use disorders (SUD), including opioid use disorders; children and adolescents with serious emotional disturbance (SED); and individuals with co-occurring mental and substance disorders (COD). SAMHSA expects that this program will provide comprehensive 24/7 access to community-based mental and substance use disorder services; treatment of co-occurring disorders; and physical healthcare in one single location. **LEARN MORE**

OVW Enhanced Training and Services to End Abuse in Later Life Program
(LOI Deadline: March 2, 2021)
(Application Deadline: March 18, 2021)

The Enhanced Training and Services to End Abuse in Later Life Program (Abuse in Later Life Program) supports a comprehensive approach to addressing abuse in later life, including domestic violence, dating violence, sexual assault, stalking, neglect, and exploitation committed against victims who are 50 years of age or older. **LEARN MORE**

OVW Transitional Housing Assistance Grants for Victims of Domestic Violence, Dating Violence, Sexual Assault and Stalking
(Application Deadline: March 2, 2021)

The Transitional Housing Assistance Grants for Victims of Domestic Violence, Dating Violence, Sexual Assault and Stalking (Transitional Housing Program (CFDA 16.736)) supports programs that provide 6-24 months of transitional housing with support services for victims who are homeless or in need of transitional housing as a result of a situation of domestic violence, dating violence, sexual assault or stalking; and whom emergency shelter services or other crisis intervention services are unavailable or insufficient. **LEARN MORE**

OVW Grants to Prevent and Respond to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Against Children and Youth Program
(Application Deadline: March 9, 2021)

The CY Program supports comprehensive, community-based efforts to develop or expand prevention, intervention, treatment, and response strategies to address the needs of children and youth impacted by domestic violence, dating violence, sexual assault, and stalking. **LEARN MORE**

OVW Grants to Enhance Culturally Specific Services for Victims of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program
(Application Deadline: March 9, 2021)

The Grants to Enhance Culturally Specific Services for Victims of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program supports the maintenance and replication of existing successful community-based programs providing culturally specific services to victims of domestic violence, dating violence, sexual assault, and stalking, as well as the development of innovative culturally specific strategies to enhance access to services and resources for victims who face obstacles to using more traditional programs. **LEARN MORE**

OVW Rural Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program
(Application Deadline: March 12, 2021)

The Rural Domestic Violence, Dating Violence, Sexual Assault, and Stalking Program (Rural Program) supports efforts to enhance the safety of rural victims of domestic violence, dating violence, sexual assault, and stalking and supports projects uniquely designed to address and prevent these crimes in rural areas. **LEARN MORE**

HRSA Early Childhood Comprehensive Systems: Health Integration Prenatal-to-Three Program
(Application Deadline: March 15, 2021)

The purpose of this program is to build integrated maternal and early childhood systems of care that are equitable, sustainable, comprehensive, and inclusive of the health system, and that promote early developmental health and family well-being and increase family-centered access to care and engagement of the prenatal-to-3 year old (P–3) population. A maternal and early childhood system of care brings together health, early care and education, child welfare, and other human services and family support program partners—as well as community leaders, families, and other stakeholders—to achieve agreed-upon goals for thriving children and families. The P–3 period is a particularly critical period of early child development and parentdriven change. The ECCS program will advance intergenerational health equity and expand state capacity to reach and engage families during this critical period. **LEARN MORE**

HEALTH TRUST

OVW Grants for Outreach and Services to Underserved Populations
(LOI Deadline: March 16, 2021)
(Application Deadline: March 23, 2021)
This program is authorized to develop and implement outreach strategies targeted at, and provide victim services to, adult or youth victims of domestic violence, dating violence, sexual assault, or stalking in underserved populations. Survivors from underserved populations face challenges in accessing comprehensive and effective victim services that are accessible, culturally relevant, and responsive. As a result, survivors from underserved communities often do not receive appropriate services. The Underserved Program supports projects that address these gaps. Funds may be used to: develop or enhance population specific victim services; develop or enhance outreach strategies to reach underserved survivors; build the capacity of population specific organizations to serve survivors of these crimes; build the capacity of victim service providers to provide victim services that are population specific; train and educate community partners and the criminal justice system on the needs of survivors from underserved populations; and develop culturally and linguistically appropriate materials for underserved survivors. **LEARN MORE**

NIJ Research and Evaluation of Trafficking in Persons
(Extended Application Deadline: March 22, 2021)
With this solicitation, NIJ continues to build upon its research and evaluation efforts to better understand, prevent, and respond to trafficking in persons in the United States. Applicants should propose research projects that — first and foremost — have clear implications for criminal justice policy and practice in the United States. With this solicitation, NIJ seeks proposals for research projects addressing the following priority areas: 1) Demand reduction research; 2) Human trafficking research, evaluation and development; and 3) Sex trafficking of American Indian and Alaska Native girls and women research. **LEARN MORE**

OJJDP Supporting Effective Interventions for Adolescent Sex Offenders and Children with Sexual Behavior Problems
(Application Deadline: March 22, 2021)
This solicitation provides funding to develop intervention and supervision services for adolescent sex offenders and children with sexual behavior problems, and to provide treatment services for their victims and families/caregivers. **LEARN MORE**

CDC Research Grants for Preventing Violence and Violence Related Injury (R01)
(Application Deadline: March 22, 2021)
The Centers for Disease Control and Prevention's National Center for Injury Prevention and Control (NCIPC) is soliciting investigator-initiated research that will help expand and advance our understanding about what works to prevent violence that impacts children and youth, collectively referred to as Adverse Childhood Experiences (ACEs), including child abuse and neglect, teen dating violence, sexual violence, youth violence, and exposure to adult intimate partner violence. This initiative is intended to support the evaluation of primary prevention programs, practices or policies that focus on universal or selected populations at higher risk (i.e., populations that have one or more risk factors that place them at heightened risk for violence). Funds are available to conduct such studies focused on preventing child abuse and neglect and at least one other form of violence affecting children and youth, including teen dating violence, sexual violence, youth violence, and exposure to adult intimate partner violence. **LEARN MORE**

OVC Preventing Trafficking of Girls
(Extended Application Deadline: March 29, 2021)

This solicitation provides funding for organizations to support prevention and early intervention programs for girls who are at-risk of, or are victims of, sex trafficking. The objectives of this program are to: 1) Replicate and scale-up prevention and early intervention programs for girls who are at risk of, or are victims of, sex trafficking that have undergone rigorous evaluation and/or have a track record of success; 2) Implement or enhance efforts to identify and provide services to girls who are at risk of, or are victims of, sexual exploitation or sex trafficking; and 3) Participate in an annual peer-to-peer learning (cluster meeting) opportunity. **LEARN MORE**

OVC Services for Victims of Human Trafficking
(Extended Application Deadline: March 30, 2021)

The purpose of this program is to develop, expand, or strengthen victim service programs for victims of human trafficking. Applicants are invited to apply under three purpose areas. Purpose Area 1: Developing Capacity to Serve Human Trafficking Victims The purpose of these awards is to support victim services organizations that have limited or no prior experience in serving victims of human trafficking and/or victim services organizations that have limited or no prior experience in receiving federal funding to serve victims of human trafficking. Under Purpose Area 1, the Office for Victims of Crime expects to make four awards of up to $350,000 each for a 36-month period of performance to begin on October 1, 2021. Purpose Area 2: Enhancing Scope of Services for Human Trafficking Victims The purpose of these awards is to enhance the scope of services offered by the organization (directly or through partnerships) that victims of labor and sex trafficking often require to address their needs. Under Purpose Area 2, the Office for Victims of Crime expects to make 14 awards of up to $800,000 each for a 36-month period of performance to begin on October 1, 2021. Purpose Area 3: Specialized Services for Human Trafficking Victims The goal is to increase the quality and quantity of the specialized service to assist victims of all forms of human trafficking.
Under Purpose Area 3, the Office for Victims of Crime expects to make nine awards of up to $600,000 each for a 36-month period of performance to begin on October 1, 2021. **LEARN MORE**

OJJDP Mentoring for Youth Affected by the Opioid Crisis and Drug Addiction
(Application Deadline: March 30, 2021)

This program supports the implementation and delivery of mentoring services to youth who are currently abusing or addicted to drugs, youth at risk for abusing drugs, and youth with family members who are currently abusing or addicted to drugs. Mentoring services can be one-to-one, group, peer, or a combination. Funding can be used to support new mentoring matches or continue existing mentoring matches at the time of application. **LEARN MORE**

OJJDP Strategies To Support Children Exposed to Violence
(Application Deadline: April 5, 2021)

This solicitation provides funding for communities to develop and provide support services for children exposed to violence. There are two categories of funding available under this solicitation: Category 1: Project Sites. Funding under this category can be used to develop support services for children exposed to violence in their homes, schools, and communities; and to develop, enhance, and implement violent crime reduction strategies that focus on violent juvenile offenders. This program development and resource allocation decision by interested applicants should be based on currently available resources to the jurisdiction and gaps in services. Category 2: Training and Technical Assistance. In addition to supporting program implementation and direct service activities, the initiative will fund a training and technical assistance provider to support the Category 1 project sites. **LEARN MORE**

Hearst Foundations Grants
(Application Deadline: Rolling)

The Hearst Foundations support well-established nonprofit organizations that address significant issues within their major areas of interests – culture, education, health and social service – and that primarily serve large demographic and/or geographic constituencies. In each area of funding, the Foundations seek to identify those organizations achieving truly differentiated results relative to other organizations making similar efforts for similar populations. The Foundations also look for evidence of sustainability beyond their support. The Hearst Foundations fund direct-service organizations that tackle the roots of chronic poverty by applying effective solutions to the most challenging social and economic problems. The Foundations prioritize supporting programs that have proven successful in facilitating economic independence and in strengthening families. Preference is also given to programs with the potential to scale productive practices in order to reach more people in need. Social Service preference will be given to: (1) Affordable housing (2) Job creation and job training (3) Literacy (4) Youth development. An organization's national headquarters for wider initiatives instead of local chapters. **LEARN MORE**

The Tony Robbins Foundation
(Application Deadline: Rolling)

Dedicated to meeting challenges within the global community, creating solutions and taking action, The Tony Robbins Foundation provides monetary donations to various organizations around the world. Funding requests are evaluated on an ongoing basis. We look for organizations that align with our mission to empower individuals and organizations to make a significant difference in the quality of life of those often forgotten. We're dedicated to creating positive changes in the lives of youth, seniors, the hungry, homeless and the imprisoned population, all who need a boost envisioning a happier and deeply satisfying way of life. **LEARN MORE**

Burroughs Wellcome Fund: Student STEM Enrichment Program
(Application Deadline: April 15, 2021)

The Student STEM Enrichment Program (SSEP) supports diverse programs with a common goal: to enable primary and secondary students to participate in creative, hands-on STEM activities for K-12 students and pursue inquiry-based exploration in BWF's home state of North Carolina. These awards provide up to $60,000 per year for three years. Since the program's inception in 1996, BWF has awarded 201 grants totaling $33.7 million to 103 organizations that reach more than 43,000 North Carolina students. SSEP awards support career-oriented and practical programs intended to provide creative science enrichment activities for students in K-12 education who have shown exceptional skills and interest in STEM, as well as those perceived to have high potential. After school programs are demonstrating value in helping to close opportunity gaps for underserved and underrepresented students. These programs must enable students to participate in hands-on STEM activities and pursue inquiry-based avenues of exploration—an educational approach that BWF believes to be an effective way to increase students' understanding and appreciation of the scientific process. To increase academic achievement, programs must provide a well-defined structure that aligns with the school-day curriculum, well-trained staff, and student follow up. **LEARN MORE**

Hearst Foundations Grants
(Application Deadline: Rolling)

The Hearst Foundations support well-established nonprofit organizations that address significant issues within their major areas of interests – culture, education, health and social service – and that primarily serve large demographic and/or geographic constituencies. In each area of funding, the Foundations seek to identify those organizations achieving truly differentiated results relative to other organizations making similar efforts for similar populations. The Foundations also look for evidence of sustainability beyond their support. The Hearst Foundations fund educational institutions demonstrating uncommon success in preparing students to thrive in a global society. The Foundations' focus is largely on higher education, but they also fund innovative models of early childhood and K-12 education, as well as professional development. Preference will be given to: (1) Higher education programs and scholarships and, on a limited basis, scholarships for post-graduate education (2) Professional development for teachers. **LEARN MORE**

USDA Community Food Projects (CFP) Competitive Grants Program
(Application Deadline: May 4, 2021)
NIFA's CFP intends to solicit applications and fund two types of grants. The types are entitled (1) Community Food Projects (CFP) and (2) Planning Projects (PP). The purpose of the CFP is to support the development of projects with a one-time infusion of federal dollars to make such projects self-sustaining. CFPs are designed to create community-based food projects with objectives, activities and outcomes that are in alignment with Community Food Projects Competitive Grants Program (CFPCGP) primary goals. The purpose of a Planning Project (PP) is to complete a plan toward the improvement of community food security in keeping with the primary goals of the CFPCGP. PPs are to focus on a defined community and describe in detail the activities and outcomes of the planning project. **LEARN MORE**

RWJF Pioneering Ideas: Exploring the Future to Build a Culture of Health
(Application Deadline: Rolling)

Pioneering Ideas: Exploring the Future to Build a Culture of Health seeks proposals that are primed to influence health equity in the future. We are interested in ideas that address any of these four areas of focus: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work. Additionally, we welcome ideas that might fall outside of these four focus areas, but which offer unique approaches to advancing health equity and our progress toward a Culture of Health. We want to hear from scientists, anthropologists, artists, urban planners, community leaders—anyone, anywhere who has a new or unconventional idea that could alter the trajectory of health, and improve health equity and well-being for generations to come. The changes we seek require diverse perspectives and cannot be accomplished by any one person, organization or sector. **LEARN MORE**

OVW Grants to Reduce Domestic Violence, Dating Violence, Sexual Assault and Stalking on Campus Program
(LOI Deadline: February 23, 2021)
(Application Deadline: March 2, 2021)
The Grants to Reduce Domestic Violence, Dating Violence, Sexual Assault, and Stalking on Campus Program encourages institutions of higher education to develop and strengthen effective security and investigation strategies to combat domestic violence, dating violence, sexual assault, and stalking on campus, develop and strengthen victim services in cases involving such crimes on campus, and develop and strengthen prevention education and awareness programs. **LEARN MORE**

SAMHSA Certified Community Behavioral Health Clinic Expansion Grants
(Application Deadline: March 1, 2021)
The purpose of this program is to increase access to, and improve the quality of community mental and substance use disorder treatment services through the expansion of CCBHCs. CCBHCs provide person- and family-centered integrated services. The CCBHC Expansion grant program must provide access to services including 24/7 crisis intervention services for individuals with serious mental illness (SMI) or substance use disorders (SUD), including opioid use disorders; children and adolescents with serious emotional disturbance (SED); and individuals with co-occurring mental and substance disorders (COD). SAMHSA expects that this program will provide comprehensive 24/7 access to community-based mental and substance use disorder services; treatment of co-occurring disorders; and physical healthcare in one single location. **LEARN MORE**

OVW Sexual Assault Services Culturally Specific Program
(Application Deadline: March 1, 2021)
The Sexual Assault Services Culturally Specific Program supports nonprofit organizations that focus primarily on culturally specific communities and have experience in the area of sexual assault or who partner with an organization having such expertise. The goal of the SAS Culturally Specific Program is to establish, maintain, and expand sustainable, culturally appropriate services that address the unique needs and challenges of victims of sexual assault from culturally specific communities. **LEARN MORE**

OVC Preventing Trafficking of Girls
(Extended Application Deadline: March 29, 2021)

This solicitation provides funding for organizations to support prevention and early intervention programs for girls who are at-risk of, or are victims of, sex trafficking. The objectives of this program are to: 1) Replicate and scale-up prevention and early intervention programs for girls who are at risk of, or are victims of, sex trafficking that have undergone rigorous evaluation and/or have a track record of success; 2) Implement or enhance efforts to identify and provide services to girls who are at risk of, or are victims of, sexual exploitation or sex trafficking; and 3) Participate in an annual peer-to-peer learning (cluster meeting) opportunity. **LEARN MORE**

OVC Services for Victims of Human Trafficking
(Extended Application Deadline: March 30, 2021)

The purpose of this program is to develop, expand, or strengthen victim service programs for victims of human trafficking. Applicants are invited to apply under three purpose areas. Purpose Area 1: Developing Capacity to Serve Human Trafficking Victims The purpose of these awards is to support victim services organizations that have limited or no prior experience in serving victims of human trafficking and/or victim services organizations that have limited or no prior experience in receiving federal funding to serve victims of human trafficking. Under Purpose Area 1, the Office for Victims of Crime expects to make four awards of up to $350,000 each for a 36-month period of performance to begin on October 1, 2021. Purpose Area 2: Enhancing Scope of Services for Human Trafficking Victims The purpose of these awards is to enhance the scope of services offered by the organization (directly or through partnerships) that victims of labor and sex trafficking often require to address their needs. Under Purpose Area 2, the Office for Victims of Crime expects to make 14 awards of up to $800,000 each for a 36-month period of performance to begin on October 1, 2021. Purpose Area 3: Specialized Services for Human Trafficking Victims The goal is to increase the quality and quantity of the specialized service to assist victims of all forms of human trafficking.
Under Purpose Area 3, the Office for Victims of Crime expects to make nine awards of up to $600,000 each for a 36-month period of performance to begin on October 1, 2021. **LEARN MORE**

EDA Public Works and Economic Adjustment Assistance Programs Including CARES Act Funding
(Application Deadline: Rolling)
Under this NOFO, EDA solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects under EDA's Public Works and EAA programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. Past projects have included funding for water and wastewater projects in hospitals and healthcare facilities and road infrastructure projects that would support the expansion of healthcare facilities. Funding is available for: Public Works Projects (Water and sewer system improvements, Industrial parks, Shipping and logistics facilities, Workforce training facilities, Brownfield development, Telecommunications infrastructure and development facilities.) **LEARN MORE**

RWJF Evidence for Action: Investigator-Initiated Research to Build a Culture of Health
(Application Deadline: Rolling)

Evidence for Action (E4A), a national program of the Robert Wood Johnson Foundation (RWJF), funds research that expands the evidence needed to build a Culture of Health. A Culture of Health is broadly defined as one in which good health and well-being flourish across geographic, demographic, and social sectors; public and private decision-making is guided by the goal of fostering equitable communities; and everyone has the opportunity to make choices that lead to healthy lifestyles. RWJF's Culture of Health Action Framework, which was developed to catalyze a national movement toward improved health, well-being, and equity, guides E4A's program strategy. **LEARN MORE**

CDC Research Grants to Develop or Identify Effective Strategies to Prevent Overdose Involving Illicit Stimulants and Polysubstance Use Involving Stimulants
(Estimated Application Deadline: March 12, 2021)

The National Center for Injury Prevention and Control (NCIPC) is soliciting investigator-initiated research that will support the identification of effective strategies for state, community, and systems-level implementation to prevent fatal and nonfatal overdoses involving illicit stimulants as well as polysubstance use and overdose involving illicit stimulants. Research supported by this this Notice of Funding Opportunity (NOFO) is intended to directly contribute to the evaluation of new or adapted strategies, programs, or policies that can be implemented at the state, community, or systems-level to prevent illicit stimulant-involved fatal and nonfatal overdose. Of particular interest is research that focuses on groups experiencing disadvantage, defined for the purpose of this NOFO as racially/ethnically diverse or experiencing poverty. We intend to fund at least two applications that focus on such populations. Meritorious research assessing risk and protective factors for stimulant use, use disorder, and overdose that can contribute to the development or adaptation of intervention strategies will also be considered; however, we intend to fund at least three applications evaluating intervention effectiveness. **LEARN MORE**

HRSA Rural Maternity and Obstetrics Management Strategies
(Estimated Application Due Date: March 30, 2021)

The purpose of the RMOMS program is to improve access to and continuity of maternal and obstetrics care in rural communities. The goals of the RMOMS program are to: (i) improve maternal and neonatal outcomes within a rural region; (ii) develop a sustainable network approach to increase the delivery and access of preconception, pregnancy, labor and delivery, and postpartum services; (iii) develop a safe delivery environment with the support and access to specialty care for perinatal women and infants; and (iv) develop sustainable financing models for the provision of maternal and obstetrics care in rural hospitals and communities. Applicants are encouraged to propose innovative ways to achieve these goals through an established or formal regional network structure. **LEARN MORE**

HRSA Sickle Cell Disease Newborn Screening Follow-up Program
(Estimated Application Due Date: April 12, 2021)

The purpose of this program is to provide support for a Sickle Cell Newborn Screening Technical Assistance Center (TAC) that will improve the care and reduce rates of loss to follow-up of individuals identified with sickle cell disease (SCD) and sickle cell trait through universal newborn screening by supporting efforts of community-based organizations (CBOs) on sickle cell disease education and service coordination. **LEARN MORE**

CDC Drug-Free Communities (DFC) Support Program
(Estimated Application Due Date: May 15, 2021)
The purpose of this program is to fund applicants who have never received DFC funding to carry out the two goals of the DFC program. By statute, the DFC Support Program has two goals: 1) Establish and strengthen collaboration among communities, public and private non-profit agencies, as well as federal, state, local, and tribal governments to support the efforts of community coalitions working to prevent and reduce substance abuse among youth (individuals 18 years of age and younger). 2) Reduce substance abuse among youth and, over time, reduce substance abuse among adults by addressing the factors in a community that increase the risk of substance abuse and promoting the factors that minimize the risk of substance abuse. **LEARN MORE**

SAMHSA Provider's Clinical Support System - Universities
(Estimated Application Due Date: TBD)
The purpose of this program is to expand/enhance access to medication-assisted treatment (MAT) services for persons with an opioid use disorder (OUD) seeking or receiving MAT through ensuring the education and training of students in the medical, physician assistant, and nurse practitioner fields. This program's focus is to ensure students fulfill the training requirements needed to obtain a DATA waiver to prescribe MAT in office-based settings. **LEARN MORE**

SAMHSA Medication Assisted Treatment - Prescription Drug and Opioid Addiction
(Estimated Application Due Date: TBD)
The purpose of this program is to expand/enhance access to medication-assisted treatment (MAT) services for persons with an opioid use disorder seeking or receiving MAT. **LEARN MORE**

OASH Family-Centered Approaches to Improving Type 2 Diabetes Control and Prevention
(Estimated Application Deadline: TBD)
The HHS Office of Minority Health will offer funding for an initiative to test and disseminate models/protocols that use a theoretically-based family-centered approach to promote the management and prevention of Type 2 diabetes in adults. Implementation of models/protocols may be delivered by and/or with the assistance of community health workers and/or community-based organizations to ensure cultural and linguistically appropriate delivery of services and sustainability. Funded projects will employ a strong theoretical framework to foster replicability, specifying community factors and resources that enable sustainability. Models/protocols will: (1) Describe the roles of family in the intervention, provide detailed family-based topics to be embedded in interventions, assess the quality and extent of family participation necessary for positive diabetes markers and health outcomes for persons with diabetes and family members; (2) Delineate how the model(s) takes into account and is (are) tailored to cultural factors/ Social Determinants Of Health that may affect the adoption of self-management activities and behaviors associated with diabetes prevention; and (3) Identify lifestyle modifications and community supports (e.g., sustainable resources/institutions for physical activity and nutrition) that build and reinforce behavioral changes conducive to diabetes control and prevention that may be strengthened through reciprocal influence. **LEARN MORE**
