Questions and Answers*
All

Closing Thoughts
Chair Brumit, Mr. Lupas and Dr. Mims

PROGRAM HIGHLIGHTS

Our format for this year's meeting will be a mix of remarks from Dogwood's leadership combined with engaging videos, interactive surveys and polls and a live, chat-fed Q&A with our Impact Team leads.

During our Community Meetings, we want to hear from YOU and will be sharing two interactive surveys during the program to get real-time feedback on the goals we present.

The question and answer and chat features will be open throughout the meeting. Feel free to share your thoughts and ask your questions! We'll make sure our panelists get to as many of your questions as possible to answer them live.

Recordings of the meetings and a copy of the questions and answers will be posted to the **Events** page of Dogwood's website once the meetings have concluded.

LET'S CONTINUE THE COLLABORATION

We want to help promote the great work of our grantees! Our **Grantee Toolkit** is full of communications tools and resources that can help when sharing your work with the region.

Want to learn more about our funding process, or are you ready to apply for funding? Dogwood accepts pre-applications on a rolling basis, and it is easy to get started through our **Grant Application Portal**.

To learn more about the investments and collaborations we've undertaken so far this year, please take a look at **Dogwood's Mid-Year Impact Report**.

*Please note that because the focus of Dogwood's 2021 Community Meetings will center around its impact work throughout the region, our staff and board will not be including an update regarding its compliance monitoring of HCA. However, members of the community are always encouraged to write the Independent Monitor for Mission Health at IndependentMonitor@gibbinsadvisors.com to share any compliance concerns or ask any compliance questions.
