HRSA Advanced Nursing Education Workforce
(Estimated Application Deadline: January 20, 2023)
Aligns with Dogwood's Strategic Priorities: Health & Wellness Goal 2: Increase Access to Whole-Person Health Care and Economic Development Goal 2: Promote Workforce Readiness
The purpose of this program is to train advanced practice registered nursing (APRN) students to provide primary care in rural and underserved communities. The program aims to do so by supporting innovative academic-practice partnerships that prepare primary care APRNs for the unique challenges of practicing in rural and underserved communities, thereby increasing access to needed primary care for these populations. **LEARN MORE**

SAMHSA Grants for the Benefit of Homeless Individuals(Estimated Post Date: January 30, 2023)
Aligns with Dogwood's Strategic Priorities: Health & Wellness Goal 4: Increase Access to Behavioral Health and Substance Use Prevention and Treatment; and Housing Goal 2: Create and Preserve Supportive Housing Rental Units. The purpose of this SAMHSA program is to support the development and/or expansion of local implementation of a community infrastructure that integrates substance use disorder treatment, housing services and other critical services for individuals (including youth) and families experiencing homelessness. **LEARN MORE**

HRSA MCH Nutrition Training Program
(Application Deadline: February 2, 2023)
Aligns with Dogwood's Strategic Priorities: Health & Wellness Goal 2: Increase Access to Whole-Person Health Care and Economic Development Goal 2: Promote Workforce Readiness
The purpose of this program is to promote the healthy nutrition of mothers, children, and families by establishing and enhancing nutrition centers of excellence to train future and current MCH nutrition professionals. MCH Nutrition Training Programs provide interdisciplinary graduate-level training in MCH nutrition and collaborate with the Title V Maternal and Child Health (MCH) Block Grant Program and other MCH programs to provide continuing education (CE) and technical assistance (TA) to local, state, and national organizations serving MCH populations. The program provides training in nutrition science, social determinants of health, primary prevention and population-based environmental and policy interventions, life course initiatives, program planning and links between epidemiology and public health practice. The program develops a well-trained, diverse workforce that can effectively design, manage, and deliver nutrition interventions that address population health goals and objectives; provide care in diverse clinical, community, and public health settings; and meet the emerging needs of the MCH population. The purpose of the optional Nutrition Workforce Equity Enhancement is to increase diversity in the nutrition workforce through partnerships with Minority Serving Institutions (MSIs) to recruit and support nutrition professionals and students from underrepresented groups. For the purposes of this NOFO, "MSI" is defined as an institution that has a demonstrated record of or historical commitment to serving underrepresented or disadvantaged students, including but not limited to, Historically Black Colleges and Universities (HBCUs), Tribal Colleges and Universities (TCUs), Hispanic Serving Institutions, Asian American and Pacific Islander Serving Institutions and Alaska Native and Native Hawaiian Serving Institutions. **LEARN MORE**

HRSA Nurse Anesthetist Traineeships (NAT)
(Application Deadline: February 10, 2023)

Aligns with Dogwood's Strategic Priorities: Health & Wellness Goal 2: Increase Access to Whole-Person Health Care and Economic Development Goal 2: Promote Workforce Readiness

The purpose of the Nurse Anesthetist Traineeship (NAT) program is to increase the supply and distribution of Certified Registered Nurse Anesthetists (CRNAs) who are well-prepared and well-positioned to practice independently and collaboratively within interprofessional teams and to deliver evidence-based, high quality, and safe anesthesia and pain management services. The program aims to expand access to anesthesia services, especially to rural, urban, and tribal underserved communities nationwide. Eligible grant award recipients are accredited institutions that educate registered nurses to become nurse anesthetists; recipient institutions, in turn, disburse funds to students in the form of traineeship support. **LEARN MORE**

CDC School-Based Interventions to Promote Equity and Improve Health, Academic Achievement, and Well-Being of Students
(Application Deadline: February 11, 2023)

Aligns with Dogwood's Strategic Priorities: Health & Wellness Goals 1: Support and Build Healthy Communities, 2: Increase Access to Whole-Person Health Care, and 3: Address Health Disparities; and Education Goals 2: Improve Early Care and Education System and 3: Improve K-12 Education.

The Centers for Disease Control and Prevention (CDC) announces the availability of funds through cooperative agreement DP22-2203, School-Based Interventions to Promote Equity and Improve Health, Academic Achievement, and Well-Being of Students. CDC plans to award at least 16 recipients with up to 50 recipients depending on future funding. The purpose of this project is to improve the health and emotional well-being of children, adolescents, and school staff in underserved and disproportionately affected communities. Recipients will use the Whole School Whole Community Whole Child approach to disseminate CDC evidence-based School Health guidelines, recommendations, tools, and resources through professional development and technical assistance to priority local education agencies (LEAs) and schools; establish key partnerships to support school health; and use action planning to implement physical activity, school nutrition, school health services, and emotional well-being policies, practices, and programs at the state, priority LEA, and school level. Expected outcomes to be achieved by the end of the 5-year period of performance include: (1) Increased assessment of school health policies, practices and programs and development of action plans in priority LEAs and schools; (2) Increased number of priority LEAs and schools with district school health councils or school-level teams, and coordinators; and (3) Increased implementation of evidence-based school health policies, practices, and services among schools in priority LEAs. **LEARN MORE**

DOL Homeless Veterans' Reintegration Program (HVRP)
(Estimated Application Deadline: March 9, 2023)

Aligns with Dogwood's Strategic Priorities: Housing Goal 2: Create and Preserve Supportive Housing Rental Unites and Economic Opportunity Goal 2: Promote Work Readiness.

The intent of the HVRP grant program is to obtain high-quality career outcomes for veterans experiencing homelessness. The Department encourages applicants to propose strategies to achieve economic opportunity, address historical inequities, and provide equitable access and outcomes to marginalized groups. To meet the fluctuations in the population and changing needs of veterans experiencing homelessness, VETS requires grant recipients to provide an array of client-centered services utilizing a case management approach that directly assists homeless veterans and provides critical linkages to a variety of support services available in their local communities. The HVRP approach is focused on obtaining high-quality career outcomes for the veteran. Veterans are to receive the job training and employment services required to re-enter and be successful in the labor force. To realize long-term benefits for veterans experiencing homelessness, grant recipients must address the complex employment-related requirements and support services necessary to meet the needs of this population. This can be achieved either through direct services or through a robust referral system establishing tools, resources, and partnerships to identify, recruit, prepare, and support veterans experiencing homelessness for employment success. Through one of these methods, grant recipients will provide job placement, job training, job development, career counseling, and resume preparation services among other services to assist with obtaining high-quality career outcomes. **LEARN MORE**

HRSA Health Careers Opportunity Program (HCOP)
(Estimated Application Deadline: March 14, 2023)
Aligns with Dogwood's Strategic Priorities: Health & Wellness Goal 2: Increase Access to Whole-Person Health Care and Economic Development Goal 2: Promote Workforce Readiness
The purpose of the Health Careers Opportunity Program (HCOP) is to assist individuals from disadvantaged backgrounds to enter a health profession through the development of academies that will support and guide them through the educational pipeline. In response to virtual alternatives created during the pandemic, HCOPs will explore cutting-edge technology, such as data analytics, artificial intelligence and machine learning to advance health equity and population health. The National HCOP Academics focus on: 1) promoting the recruitment of qualified individuals from economically or educationally disadvantaged backgrounds into health professions, including allied health programs; 2) improving retention, matriculation and graduation rates by implementing tailored enrichment programs designed to address the academic and social needs of economically or educationally disadvantaged students; and 3) providing opportunities for community-based health professions training in primary care settings, emphasizing experiences in rural and underserved communities. **LEARN MORE**

CDC Drug Free Communities
(Estimated Application Deadline: April 11, 2023)
Aligns with Dogwood's Strategic Priorities: Health & Wellness Goals 1: Support and Build Healthy Communities, 2: Increase Access to Whole-Person Health Care, 3: Address Health Disparities and 4: Increase Access to Behavioral Health and Substance Use Prevention and Treatment; and Education Goal 3: Improve K-12 Education.
The purpose of the DFC Support Program is to establish and strengthen collaborations to support the efforts of community coalitions working to prevent and reduce substance use among youth. The DFC Support Program has two goals: 1) Establish and strengthen the collaboration among communities, public and private non-profit agencies, as well as federal, state, local, and tribal governments to support the efforts of community coalitions working to prevent and reduce substance use among youth (individuals 18 years of age and younger). 2) Reduce substance use among youth and, over time, reduce substance use among adults by addressing the factors in a community that increases the risk of substance use and promoting the factors that minimize the risk of substance use. This funding opportunity will fund applicants who have never received DFC funding. **LEARN MORE**

RWJF Pioneering Ideas: Exploring the Future to Build a Culture of Health
(Application Deadline: Rolling)
Aligns with Dogwood's Strategic Priorities: Health & Wellness Goals 1: Support and Build Healthy Communities, 2: Increase Access to Whole-Person Health Care, 3: Address Health Disparities and 4: Increase Access to Behavioral Health and Substance Use Prevention and Treatment; and Economic Goal 2: Promote Workforce Readiness. Pioneering Ideas: Exploring the Future to Build a Culture of Health seeks proposals that are primed to influence health equity in the future. We are interested in ideas that address any of these four areas of focus: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work. Additionally, we welcome ideas that might fall outside of these four focus areas, but which offer unique approaches to advancing health equity and our progress toward a Culture of Health. We want to hear from scientists, anthropologists, artists, urban planners, community leaders—anyone, anywhere who has a new or unconventional idea that could alter the trajectory of health and improve health equity and well-being for generations to come. The changes we seek require diverse perspectives and cannot be accomplished by any one person, organization or sector. **LEARN MORE**

The Bank of America Charitable Foundation - Economic mobility focused on needs of individuals and families
(Application Deadlines: February 17, 2023)

The Bank of America Charitable Foundation supports nonprofit organizations addressing issues fundamental to economic mobility and social progress in low- and moderate-income communities in Asheville, NC. Coronavirus has had a significant impact on all populations and a disproportionate impact on vulnerable populations who have experienced increased unemployment and higher levels of infection. As we emerge from this crisis, we are focused on health and economic recovery. In response, we're partnering with organizations addressing the economic and social conditions that affect an individual's health, access to community-based health services, crisis-prevention tied to family stabilization programs, and other poverty-related issues. Examples: (1) Family stabilization— access to crisis prevention programs and wrap services including help with immediate and safe shelter, free or subsidized benefits like internet access, utilities, childcare, transportation, financial assistance and recovery. (2) Services for the homeless – programs that prevent or end homelessness, such as emergency shelter, rapid-rehousing, rental and utility assistance, and permanent supportive housing. **LEARN MORE**

(Application Deadline: February 17, 2023)
The purpose of the TA&D program is to promote academic achievement and improve results for children with disabilities by providing TA, supporting model demonstration projects, disseminating useful information, and implementing activities that are supported by scientifically based research. The purposes of the PD program are to (1) help address State-identified needs for personnel preparation in special education, early intervention, related services, and general education to work with children, including infants, toddlers, and youth with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research, to be successful in serving those children. **LEARN MORE**

NSF Campus Cyberinfrastructure
(Application Deadline: March 1, 2023)
The Campus Cyberinfrastructure (CC*) program invests in coordinated campus-level cyberinfrastructure improvements, innovation, integration, and engineering for science applications and distributed research projects. Learning and workforce development (LWD) in cyberinfrastructure is explicitly addressed in the program. Projects that help overcome disparities in cyber-connectivity associated with geographic location, and thereby advancing the geography of innovation and enabling populations based in these locales to become more nationally competitive in science, technology, engineering, and mathematics (STEM) research and education are particularly encouraged. Science-driven requirements are the primary motivation for any proposed activity. CC* awards will be supported in seven program areas: Area (1) Data-Driven Networking Infrastructure for the Campus and Researcher; Area (2) Regional Connectivity for Small Institutions of Higher Education; Area (3) Network Integration and Applied Innovation; Area (4) Campus Computing and the Computing Continuum; Area (5) Regional Computing; Area (6) Data Storage; and Area (7) Planning Grants and CI-Research Alignment. **LEARN MORE**

DOE 2022 Energy Improvements at Public K-12 School Facilities - Bipartisan Infrastructure Law (BIL) - Renew America's Schools
(Application Deadline: March 1, 2023)
The activities to be funded under this FOA support BIL section 40541 and the broader government-wide approach to support projects that enable replicable and scalable impacts, create innovative, sustaining partnerships, leverage funding and economies of scale, focus on disadvantaged communities, improve student, teacher, and occupant health, enrich learning and growth, assist schools that serve as community assets (e.g., neighborhood cooling centers or disaster recovery shelters), and are crafted thoughtfully within the context of public school facilities (e.g., procurement restraints, construction windows, etc.). Topic Area 1 – High-Impact Energy Efficiency and Health Improvements. Proposals contemplated under this topic area will include energy improvements that result in direct reduction to school energy costs, increase energy efficiency, and lead to improvements in teacher and student health, including indoor air quality. Energy cost savings may be realized by reduced loads and/or by demand flexibility and demand response approaches. Topic Area 2 - Innovative Energy Technology Packages. Proposals contemplated under this topic include innovative energy technology packages. Applicants may include any improvement, repair, or renovation to a school that incorporates two or more of the following energy improvements: (1) Energy efficiency measures (2) Installation of renewable energy technologies (3) Alternative fueled vehicle infrastructure on school grounds (4) Purchase or lease of alternative fueled vehicles to be used by a school.

Foundation Grants

ECMC Foundation
(Application Deadline: Rolling)
The Foundation works to improve postsecondary outcomes for students from underserved backgrounds. The Foundation's strategic grantmaking is concentrated in two focus areas: College Success and Career Readiness. College Success grants aim to increase the number of currently enrolled students from historically and presently underserved backgrounds who obtain a bachelor's degree. Career Readiness grants are committed to improve postsecondary career and technical education outcomes for students from underserved backgrounds. Grants support capacity building, new program or model development, existing program refinement or expansion, capital, research, and evaluation across the two core focus areas. Eligible applicants are postsecondary institutions and systems or their affiliated and supporting foundations. Grants typically range from $30,000 to $500,0000. **LEARN MORE**

Leon Levine Foundation
(Application Deadline: Rolling)

Opportunity and education are inextricably linked. By investing in individuals from historically marginalized communities and low-income families from birth until they obtain post-secondary education, the Foundation seeks to end generational poverty. The Foundation partners with organizations utilizing evidence-based interventions to eliminate or mitigate obstacles to academic achievement. Education investment priorities reflect this mission area's intersection with the Human Services and Healthcare mission areas to promote a holistic, family-centered approach to education as an avenue to self-sufficiency. **LEARN MORE**

W.K. Kellogg Foundation
(Application Deadline: Rolling)

Achieving strong outcomes for children happens by connecting what families need — at home, in child care settings, at school, at work and in their communities. As a foundation, we use a variety of change-making tools — grantmaking, impact investing, networking and convening. With our support, grantees and partners work together to make measurable improvements in children's lives. Our Interconnected Priorities: 1) Thriving Children: We support a healthy start and quality learning experiences for all children. 2) Working Families: We invest in efforts to help families obtain stable, high-quality jobs. 3) Equitable Communities: We want all communities to be vibrant, engaged and equitable. **LEARN MORE**

The Transformational Partnerships Fund (TPF)
(Application Deadline: Rolling)

The Transformational Partnerships Fund (TPF) supports colleges and universities interested in exploring partnerships that could fundamentally improve how they operate and serve students—especially students of color, students from low-income families, and other underserved populations. Catalytic grants of up to $100,000 can be used to engage third-party technical assistance providers knowledgeable in law, finance, governance, fundraising, human resources, and other related fields. These grants may support the exploration of partnerships in many forms, ranging from shared administrative services or consolidated academic offerings on one end of the spectrum, to full mergers on the other. TPF will support explorations across the full continuum of partnerships provided that they have the potential to transform one or more of the institutions in a way that would make a meaningful and positive difference for the students. Partnerships supported by TPF typically involve two or more degree-granting institutions of higher education, including private nonprofit colleges, public universities or systems, community colleges, and (in exceptional situations) for-profit institutions. **LEARN MORE**

DOL YouthBuild
(Application Deadline: February 7, 2023)

YouthBuild is a community-based pre-apprenticeship program that provides job training and educational opportunities for at-risk youth ages 16-24 who have previously dropped out of high school. Youth learn vocational skills in construction, as well as in other in-demand industries that include health care, information technology, and hospitality. Youth also provide community service through the required construction or rehabilitation of affordable housing for low-income or homeless families in their own neighborhoods. Youth split their time between the vocational training work site and the classroom, where they earn their high school diploma or equivalency degree, learn to be community leaders, and prepare for postsecondary training opportunities, including college, apprenticeships, and employment. YouthBuild includes significant support systems, such as a mentoring, follow-up education, employment, and personal counseling services; and participation in community service and civic engagement. **LEARN MORE**

NSF Training-based Workforce Development for Advanced Cyberinfrastructure
(Application Deadline: February 23, 2023)

This program seeks to prepare, nurture, and grow the national scientific research workforce for creating, utilizing, and supporting advanced cyberinfrastructure (CI) to enable and potentially transform fundamental science and engineering (S&E) research and education and contribute to the Nation's overall economic competitiveness and security. The goals of this solicitation are to (i) ensure broad adoption of CI tools, methods, and resources by the research community in order to catalyze major research advances and to enhance researchers' abilities to lead the development of new CI; (ii) integrate core literacy and discipline-appropriate advanced skills in advanced CI as well as computational and data-driven methods for advancing fundamental research, into the Nation's undergraduate and graduate educational curriculum/instructional materials; and (iii) build communities of research CI professional staff to deploy, manage, and collaboratively support the effective use of research CI, as well as establish career paths for those staff within and across institutions and science and engineering (S&E) disciplines. For the purpose of this solicitation, advanced CI is broadly defined as the set of resources, tools, methods, and services for advanced computation, large-scale data handling and analytics, and networking and security for large-scale systems that collectively enable potentially transformative fundamental S&E research and education. **LEARN MORE**

NSF Strengthening the Cyberinfrastructure Professionals Ecosystem (SCIPE)
(Application Deadline: February 23, 2023)

The overarching goal of this solicitation is to democratize access to NSF's advanced cyberinfrastructure (CI) ecosystem and ensure fair and equitable access to resources, services, and expertise by strengthening how Cyberinfrastructure Professionals (CIP) function in this ecosystem. It aims to achieve this by (1) deepening the integration of CIPs into the research enterprise, and (2) fostering innovative and scalable education, training, and development of instructional materials, to address emerging needs and unresolved bottlenecks in CIP workforce development. Specifically, this solicitation seeks to nurture, grow and recognize the national CIP workforce that is essential for creating, utilizing and supporting advanced CI to enable and potentially transform fundamental science and engineering (S&E) research and education and contribute to the Nation's overall economic competitiveness and security. Together, the principal investigators (PIs), technology platforms, tools, and expert CIP workforce supported by this solicitation operate as an interdependent ecosystem wherein S&E research and education thrive. This solicitation will support NSF's advanced CI ecosystem with a scalable, agile, diverse, and sustainable network of CIPs that can ensure broad adoption of advanced CI resources and expert services including platforms, tools, methods, software, data, and networks for research communities, to catalyze major research advances, and to enhance researchers' abilities to lead the development of new CI. **LEARN MORE**

DOL Growth Opportunities
(Application Deadline: March 10, 2023)
Through the Growth Opportunities grant program, the Department will introduce and prepare justice-involved youth and young adults for the world of work through placement into paid work experiences. These grants focus on youth and young adults most impacted by community violence, particularly in areas of concentrated crime and poverty as well as communities that have recently experienced significant unrest. This program contributes to the Biden-Harris Administration's comprehensive strategy to combat gun violence and other violent crime, in part, with preventative measures that are proven to reduce violent crime and support public safety and community well-being. The goals of the grant are to: help youth and young adults to increase their conflict resolution skills and develop strategies to prevent and avoid violence; introduce and prepare youth for the world of work; help youth identify career interests, attain relevant skills and gain work experience; and provide income to youth, to start them on the path of earning living wages and obtaining high quality jobs and careers. **LEARN MORE**

DE Reaching a New Energy Sciences Workforce for High Energy Physics (RENEW-HEP)
(Application Deadline: March 31, 2023)
Reaching a New Energy Sciences Workforce (RENEW) aims to build foundations for Office of Science (SC) research and training at institutions historically underrepresented in the SC research portfolio. RENEW leverages SC's unique national laboratories, user facilities, and other research infrastructures to provide undergraduate and graduate training opportunities for students and academic institutions not currently well represented in the U.S. science and technology (S&T) ecosystem. The hands-on experiences gained through RENEW will open new career avenues for participants, forming a nucleus for a future pool of talented young scientists, engineers, and technicians with the critical skills and expertise needed for the full breadth of SC research activities. Principal Investigators (PIs), key personnel, and students and postdoctoral researchers supported by RENEW awards will be invited to participate in HEP researcher meetings and/or SC-wide professional development and collaborator events. **LEARN MORE**

DOL Building Pathways to Infrastructure Jobs Grant Program
(Estimated Application Deadline: April 23, 2023)
The purpose of the DOL Building Pathways to Infrastructure Jobs Grant Program is to fund public-private partnerships to develop, strengthen, and scale promising and evidence-based training models in H-1B industries and occupations critical to meeting the goals of the Bipartisan Infrastructure Law (BIL) and to maximize the impact of these investments. The United States (U.S.) will need a proficient workforce to fill the good-paying jobs created by this historic investment, and this grant program will train job seekers in advanced manufacturing; information technology; and professional, scientific, and technical services occupations that support renewable energy, transportation, and broadband infrastructure sectors. Applicants must choose one of the following tracks for this grant program: 1) Development Track: Developing and Implementing Local/Regional Worker-Centered Sector Strategy Programs; or 2) Scaling Track: Scaling Effective Worker-Centered Sector Strategy Programs. **LEARN MORE**

The Administration for Children and Families (ACF) - Community Economic Development Planning Grants
(Estimated Application Deadline: May 15, 2023)
ACF, Office of Community Services (OCS) will solicit applications to award approximately $1.5 million in Community Economic Development (CED) discretionary grant funds to Community Development Corporations (CDCs) to stimulate new CED project development through administrative capacity building. The objective of the CED Planning Grants is to stimulate new projects in underserved and under resourced communities. OCS intends to center equity in this funding opportunity, focusing these resources in persistent high-poverty areas with struggling economies that have been unable to put forth a viable CED project in the past. The goal of this funding opportunity is to provide CDCs with financial assistance for administrative capacity building. The awards will be a crucial step in connecting CDCs with CED resources for social and revenue reinvestment in local communities to help spark economic growth. OCS is encouraging applications from CDCs that target urban and rural areas. **LEARN MORE**

RWJF Pioneering Ideas: Exploring the Future to Build a Culture of Health
(Application Deadline: Rolling)
Pioneering Ideas: Exploring the Future to Build a Culture of Health seeks proposals that are primed to influence health equity in the future. We are interested in ideas that address any of these four areas of focus: Future of Evidence; Future of Social Interaction; Future of Food; Future of Work. Additionally, we welcome ideas that might fall outside of these four focus areas, but which offer unique approaches to advancing health equity and our progress toward a Culture of Health. We want to hear from scientists, anthropologists, artists, urban planners, community leaders—anyone, anywhere who has a new or unconventional idea that could alter the trajectory of health and improve health equity and well-being for generations to come. The changes we seek require diverse perspectives and cannot be accomplished by any one person, organization or sector. **LEARN MORE**

RWJF Evidence for Action: Innovative Research to Advance Racial Equity
(Application Deadline: Rolling)

Evidence for Action prioritizes research to evaluate specific interventions (e.g., policies, programs, practices) that have the potential to counteract the harms of structural and systemic racism and improve health, well-being, and equity outcomes. We are concerned both with the direct impacts of structural racism on the health and well-being of people and communities of color (e.g., Black, Latina/o/x, Indigenous, Asian, Pacific Islander people, and other races and ethnicities)—as well as the ways in which racism intersects with other forms of marginalization, such as having low income, being an immigrant, having a disability, or identifying as LGBTQ+ or a gender minority. This funding is focused on studies about upstream causes of health inequities, such as the systems, structures, laws, policies, norms, and practices that determine the distribution of resources and opportunities, which in turn influence individuals' options and behaviors. Research should center on the needs and experiences of communities exhibiting the greatest health burdens and be motivated by real-world priorities. **LEARN MORE**

The Commonwealth Fund
(Application Deadline: Rolling)

The mission of the Commonwealth Fund is to promote a high-performing health care system that achieves better access, improved quality, and greater efficiency, particularly for society's most vulnerable, including low-income people, the uninsured, and people of color. The Fund carries out this mandate by supporting independent research on health care issues and making grants to improve health care practice and policy. In its more than 100 years, the Fund has worked by: (1) Demonstrating pioneering approaches and evaluating their results (2) Convening experts across backgrounds and disciplines (3) Publishing the results of our research and disseminating evidence. To apply for a grant from the Commonwealth Fund, please submit a letter of inquiry (LOI) using the online portal. We acknowledge LOIs upon receipt and will contact you to request additional information if needed. Applicants are typically advised of the results of their inquiries within a month and often sooner. LOIs are accepted on a rolling basis. Current funding priorities include vulnerable populations, tracking health system performance, health care coverage and access, international health policy and practice, controlling health care costs, advancing Medicare, Federal and State health policy. health care delivery system reform. **LEARN MORE**

Foundation for a Just Society
(Application Deadline: Rolling)

The Foundation for a Just Society supports efforts that advance long-term, structural change and meet immediate needs that enable the women, girls, and LGBTQI people most affected by injustice to be leaders, strategists, and agents of change. We do not fund organizations that provide direct services without a vision for transformation. Our grantmaking seeks to build power and common cause among women, girls, and LGBTQI people and promote gender and racial justice. The decisions we make are guided by the leadership, values, strategies, and approaches within movements rather than a narrow understanding of single issues or quantifiable impact. We believe that solutions must be as sophisticated as the complex challenges they seek to address, and that deep and enduring transformation takes time. We prioritize multi-year, general operating support and avoid restrictions because organizations are able to work more strategically when they have the flexibility to recover from setbacks, seize opportunities, or shift tactics as needed. Our grants are made for up to three years and range in size from $50,000-$500,000 per year. We make grants to local, national, regional, and global organizations and networks that advance the rights of women, girls, and LGBTQI people with an emphasis on Francophone West Africa, Mesoamerica, South and Southeast Asia, and the US Southeast. **LEARN MORE**

OVW Fiscal Year 2023 Grants for Outreach and Services to Underserved Populations – Solicitation
(Application Deadline: February 27, 2023)

The Grants for Outreach and Services to Underserved Populations Program (Underserved Program) (CFDA# 16.889) provides funding to develop and implement outreach strategies targeted at, and provide victim services to, adult or youth victims of domestic violence, dating violence, sexual assault, or stalking in underserved populations. Survivors from underserved populations face challenges in accessing comprehensive and effective victim services that are accessible, culturally relevant, and responsive. As a result, survivors from underserved communities often do not receive appropriate services. The Underserved Program supports projects that address these gaps. Funds may be used to: develop or enhance population specific victim services; develop or enhance outreach strategies to reach underserved survivors; build the capacity of population specific organizations to serve survivors of these crimes; build the capacity of victim service providers to provide victim services that are population specific; train and educate community partners and the criminal justice system on the needs of survivors from underserved populations; and develop culturally and linguistically appropriate materials for underserved survivors. **LEARN MORE**

FEMA Fiscal Year (FY) 2023 Targeted Violence and Terrorism Prevention (TVTP)
(Application Deadline: April 25, 2023)

American communities continue to be vulnerable to the threats of targeted violence and terrorism, forms of violence that impact our collective sense of security and freedom as Americans. The Center for Prevention Programs and Partnerships (CP3) helps to prevent targeted violence and terrorism through funding, training, increased public awareness, and the development of partnerships across every level of the government, the private sector and in local communities across our country. Leveraging an approach informed by public health research, CP3 brings together mental health providers, educators, faith leaders, public health officials, social services, nonprofits, and others in communities across the country to help people from heading down the pathway to violence and intervening prior to them committing violent attacks. The Targeted Violence and Terrorism Prevention Grant Program provides financial assistance to eligible applicants to develop sustainable, multidisciplinary targeted violence and terrorism prevention capabilities in local communities, to pilot innovative prevention approaches, and to identify prevention best practices that can be replicated in communities across the country. Lone offenders and small cells of individuals motivated by a range of violent extremist ideologies, of both domestic and foreign origin, represent the most persistent terrorism-related threat facing the United States. **LEARN MORE**

Bloomberg Philanthropies: Public Art Challenge
(Application Deadline: February 15, 2023)

Bloomberg Philanthropies' Public Art Challenge encourages mayors to partner with artists, elevating the value of including the creative sector when developing solutions to significant urban issues. The program supports temporary public art projects that celebrate creativity, enhance urban identity, encourage public-private collaborations, and strengthen local economies. We invite mayors of U.S. cities with 30,000 residents or more to submit proposals for projects that demonstrate close partnership between artists, arts organizations, and city government, with selected cities receiving up to $1 million each over two years. Up to ten winners will be chosen to execute their projects, which may include multiple installations in a single city, over 24 months. Grants will cover project-related expenditures including development, execution, and marketing. Applications must be submitted by the mayor or chief executive of the city on behalf of a collaboration between the city and an artist or arts organization. **LEARN MORE**

Henry Luce Foundation: Religion and Theology Program
(Application Deadline: February 15, 2023)

Through the Advancing Public Knowledge on Democracy, Race, and Religion in America grants, the Henry Luce Foundation's Religion and Theology Program seeks new ideas for projects that will deepen public understanding of—and promote more productive public discussions about—democracy, race, and religion in the United States. The Foundation aims to support collaborative and experimental initiatives that seek to deepen understanding of religion's complex and contested place in public life, to envision and cultivate new religious and democratic possibilities, and to promote more curious and more generous public conversations. Submissions are encouraged from a wide range of knowledge organizations, including community arts organizations, media outlets, museums, colleges and universities, independent seminaries, and other organizations committed to envisioning and building a more open, democratic, and equitable world through critical and creative engagement with religion and communities of faith. Grants ranging from $200,000 to $400,000 will typically fund work that can be completed in less than five years. **LEARN MORE**
