FEMA Fiscal Year 2024 & 2025 Building Resilient Infrastructure and Communities (BRIC) (Application Deadline: July 23, 2026)

The Building Resilient Infrastructure and Communities (BRIC) grant program makes federal funds available to states, U.S. territories, federally recognized tribal governments, and local governments for hazard mitigation activities. It does so by recognizing the need to upgrade and modernize the nation’s infrastructure against the growing risks to communities and the need for natural hazard risk mitigation activities that promote resilience with respect to natural hazards. BRIC aims to shift the focus of federal investments away from reactive post-disaster spending towards proactive infrastructure-focused hazard mitigation. For this funding opportunity, the program prioritizes investment in infrastructure and construction projects that deliver immediate, measurable risk reduction to communities vulnerable to natural hazards. BRIC emphasizes the adoption and enforcement of modern building codes and limits capability- and capacity-building activities to those directly tied to infrastructure resilience, such as building code adoption and enforcement.

EDA FY 2025 Disaster Supplemental

(Application Deadline: Rolling (Readiness and Implementation))

Through this Disaster NOFO, EDA will award investments in regions experiencing severe economic distress or other economic harm resulting from hurricanes, wildfires, tornadoes, floods, and other natural disasters occurring in calendar years 2023 and 2024. This Disaster NOFO provides funding through several pathways: (1) Readiness Path – Standalone non-construction projects designed to increase a community’s readiness to apply for or implement disaster recovery funding from private and public sources. Projects will fund strategy development, capacity building, and/or predevelopment costs necessary for future recovery projects; and (2) Implementation Path – Standalone construction or non-construction projects designed to address the economic challenges faced by a community recovering from a natural disaster and improve economic trajectories beyond pre-disaster economic conditions. \$1,447,000,000 is available.

NEW Renew NC Commercial District Revitalization (CDR) Program

(Application Deadline: August 4, 2026)

The Renew NC Commercial District Revitalization Program is for eligible local governments and nonprofit organizations to revitalize designated commercial districts damaged by Hurricane Helene. Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers, and jobs are restored. By facilitating the return of commercial districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community. Eligible applicants include local governments (municipalities, counties) and nonprofit organizations with demonstrated capacity to carry out revitalization projects and in partnership with local government. Grants generally range from \$500,000 up to \$10 million per project, depending on scope and need.

Renew NC Community Infrastructure (CI) Program - Prescreening

(Forecasted Deadline: TBA, anticipated to launch Spring 2026; Prescreening recommended but not required)

Renew NC is offering a prescreening opportunity to help potential applicants, such as local governments or nonprofits, prepare for the upcoming launch of the Community Infrastructure (CI) program. The CI program will be open to local governments in HUD- or State-identified MID areas. Competitive grant funding will support infrastructure projects that help Hurricane Helene-impacted communities rebuild and become more resilient to future natural hazards. The award range for the CI program is \$500,000 to \$15 million. Eligible uses of funds under the Community Infrastructure program will include, but not be limited to: (1) Flood control and stormwater management systems; (2) Restoration of infrastructure (e.g., water, sewer, streets, bridges); and (3) Restoration of public spaces, including parks and community centers.

NC Dept of Environmental Quality Western NC Recovery Grants Program

(Application Deadline: Rolling)

DEQ established the Western NC Recovery Grants Program to direct federal and state funding into rural communities impacted by the devastation of Hurricane Helene. We provide direct, free-of-charge grant writing support to rural towns, counties and regions to increase federal and state funding for projects within Western North Carolina, offering a comprehensive approach to long-term financial planning through grant strategies that leverage state funds. The Western NC Recovery team has hired grants staff to work directly with town, county or council of government staff on grant applications, offering customized support to each agency. If you already have a grant application selected or underway, we can provide support with either technical assistance (drafting portions of a grant application, reviewing and making recommendations, etc.) or full grant writing support. If you don't yet know which opportunity is right for you, then our support begins by learning more about your project and helping your organization select the programs that are most suited for the work. Then, we work with a designated member of your staff to develop a compelling grant narrative and source all the information that is required for each federal or state grant opportunity. We focus primarily on local governments in rural communities in the federal government's 39 Major Disaster-Declared counties across Western North Carolina. If you are a nonprofit in an active partnership with a local government, we can also support you with funding research and grant support.

NC Dept of Commerce Small Business Infrastructure Grant Program

(Application Deadline: Rolling; Funding awarded on first come, first served basis)

Local governments in North Carolina located in areas impacted by Hurricane Helene can now apply for grants from the new Small Business Infrastructure Grant Program (SmBIZ). The purpose of the SmBIZ Fund is to (1) Provide financial assistance for community recovery and resilience to communities specifically impacted by Hurricane Helene, helping to bring back vital services for small businesses and entrepreneurs; (2) Restore and repair critical infrastructure, allowing small businesses to resume function and operations to support economic recovery and sustainability; and (3) Assist in restoring or expanding small businesses' ability to attract customers to business districts to help retain business, expand access, spur private investment to create stability, and leverage resources to create resiliency and economic growth. The SmBIZ program will offer grants to local governments, and the related infrastructure projects will target and support small businesses that employ 150 or fewer employees. Funding will be awarded on a first-come, first-

served basis. Qualifying infrastructure must serve one or more businesses within the identified project area and must have been damaged by Hurricane Helene. The infrastructure cannot be owned by the small business, nor can it be such that the small business is responsible for maintaining it. Infrastructure may include but will not be limited to water, sewer, gas, telecommunications, high-speed broadband, electrical utility, sidewalk and curb infrastructure, and other repairs that remove barriers and restore or increase access to impacted small businesses.

RenewNC Workforce Housing for Ownership Program

(Forecasted Deadline: TBD)

The Workforce Housing for Ownership Program will fund development of workforce housing units for ownership. There is a distinct need within the HUD-Identified Most Impacted and Distressed (MID) counties for additional homeownership opportunities that are affordable to broader segments of the workforce to incentivize them to remain in western NC following Helene and to partially remedy inadequate housing production in past years across western NC. The term “workforce,” as used under this program, refers to households up to 80% of AMI. Qualified local governments, public, private, or non-profit organizations, and Community Development Housing Organizations (CHDOs)/Community Based Development Organizations (CBDOs) may be eligible to apply for program funds.

Bank of America Nonprofit Grant Funding: Stable Housing

(Application Deadline: June 29, 2026)

Our priorities include basic needs, income creation, stable housing, empowered communities. All thriving communities start with meeting the individual basic needs of its members. That starts with

ensuring certainty when it comes to shelter, food, and health. As basic needs are established, individuals can focus on development through mentoring, skill building, work experience and entrepreneurial growth. These activities enable the creation of income for both the individual, as well as those they serve and employ. Income creation and access to affordable housing allows individuals to find stability through stable housing in neighborhoods where connections are further strengthened. Stable, skilled, connected individuals contribute to the growth of empowered communities that give back to their neighborhoods, address systemic issues head on and ensure the longevity of where they call home. Organizations in Asheville, NC, are eligible to apply.

ETA Strengthening Community Colleges Training Grants (Round 6)

(Application Deadline: May 20, 2026)

Round 6 of the Strengthening Community Colleges (SCC or SCC6) grants will fund community colleges, with a singular focus on building program and system capacity for implementing and scaling access to short-term training opportunities through Workforce Pell Grants—i.e., promoting industry-driven strategies, worker mobility, and integration with the larger state workforce system (e.g., Workforce Innovation and Opportunity Act (WIOA) partners) for statewide impact. SCC6 aims to prioritize funding for statewide community college systems, or consortia of multiple community colleges, to support states to build capacity for the state-level workforce and education data sharing and data systems integration activities necessary to demonstrate effective outcomes for programs seeking eligibility for the newly authorized Workforce Pell Grants. SCC6 also presents an opportunity for community colleges to continue their strong engagement with industry, supporting coordination and alignment with employers to develop and/or enhance existing high-quality, short-term programs for the newly authorized Workforce Pell Grants. These programs must be portable and stackable along a career pathway, articulating into credit, while also meeting the hiring requirements of employers in in-demand industries. Eligible participants for SCC6 represent the broad population of community college students at distinct and varied points in their education and workforce pathways, including new entrants to the workforce, dislocated workers who have lost employment, and those currently working but seeking additional skills. Funding Range Per Award ranges from \$6,500,000–\$10,800,000.

The Employment and Training Administration at the U.S. Department of Labor (Labor), is soliciting applications in support of the administration of the Innovative Approaches to Literacy program on behalf of the U.S. Department of Education (ED). The Innovative Approaches to Literacy (IAL) program supports high-quality programs designed to develop and improve literacy skills for children and students from birth through 12th grade in high-need local educational agencies (LEAs) and schools. IAL promotes innovative literacy programs that support the development of

literacy skills in low-income communities, including programs that (1) develop and enhance effective school library programs, which may include providing professional development for school librarians, books, and up-to-date materials to high-need schools; (2) provide early literacy services, including pediatric literacy programs through which, during well-child visits, medical providers trained in research-based methods of early language and literacy promotion provide developmentally appropriate books and recommendations to parents to encourage them to read aloud to their children starting in infancy; and (3) provide high-quality books on a regular basis to children and adolescents from low-income communities to increase reading motivation, performance, and frequency. 25 awards are anticipated ranging between \$375,000-\$750,000.

NIH NLM Institutional Grants for Research Training in Biomedical Informatics, Data Science, and AI

(Forecasted Deadline: September 25, 2026)

The National Library of Medicine (NLM) invites applications for innovative predoctoral and postdoctoral training programs that prepare the next generation of researchers in biomedical informatics, data science, and artificial intelligence/machine learning (AI/ML). NLM emphasizes cutting-edge, forward-looking training experiences that equip trainees to address complex health and biomedical challenges through advanced computational approaches. Applications may propose the creation of new training programs or the renewal of existing NLM-supported programs. These programs are designed to meet the growing demand for researchers with deep expertise in biomedical computing, data science, and AI/ML, with clear relevance to health and biomedical research. Recognizing the inherently interdisciplinary nature of these fields, NLM seeks programs that integrate methods and perspectives across disciplines to advance biomedical informatics, data science, and AI/ML. 25 awards are anticipated, ranging from \$500,000-\$775,000.

NSF STEM K-12

(Application Deadline: Rolling)

The NSF STEM K-12 program in the Division of Research on Learning in Formal and Informal Settings (DRL) in the Directorate for STEM Education (EDU) supports fundamental, applied, and translational research that advances STEM teaching and learning and improves understanding of education across the human lifespan and a range of formal and informal settings. Proposals submitted to the STEM K-12 program may focus on learning or instruction in any field(s) of STEM (science, technology, engineering, or mathematics) and may involve a variety of contexts in which teaching and learning take place, including formal education (pre-K to 12) and informal learning environments. The program also supports projects that identify and address salient issues involved

in translating research into educational practice for any STEM field, as well as projects that leverage insights from educational practice to drive fundamental research. Additionally, the program seeks proposals that explore how AI and other emerging technologies can be effectively leveraged to study and enhance STEM teaching and learning. Two- and four-year Institutions of Higher Education (IHEs); non-profit, non-academic organizations directly associated with educational or research activities; for-profit; State and Local governments, and Tribal Nations are eligible to apply. 40 awards are anticipated.

NSF Facilitating Research at Predominantly Undergraduate Institutions: Research in Undergraduate Institutions (RUI) and Research Opportunity Awards (ROA)

(Application Deadline: Rolling)

The Research in Undergraduate Institutions (RUI) and Research Opportunity Awards (ROA) funding opportunities support research by faculty members at predominantly undergraduate institutions (PUIs). RUI proposals support PUI faculty in research that engages them in their professional field(s), builds capacity for research at their home institution, and supports the integration of research and undergraduate education. ROAs similarly support PUI faculty research, but these awards typically allow faculty to work as visiting scientists at research-intensive organizations where they collaborate with other NSF-supported investigators. Eligible PUIs are accredited colleges and universities (including two-year community colleges) that award Associate's degrees, Bachelor's degrees, and/or Master's degrees in NSF-supported fields, but have awarded 20 or fewer Ph.D./D.Sci. degrees in all NSF-supported fields during the combined previous two academic years.

***NEW* Burroughs Wellcome Fund: Student STEM Enrichment Program**

(Application Deadline: June 10, 2026)

The Student STEM Enrichment Program (SSEP) supports diverse programs with a common goal: to enable primary and secondary students to participate in creative, hands-on STEM activities for K-12 students and pursue inquiry-based exploration in BWF's home state of North Carolina. These awards provide up to \$60,000 per year for three years. Since the program's inception in 1996, BWF has awarded 309 grants totaling \$48 million to 142 organizations that reach more than 62,000 North Carolina students. SSEP awards support career-oriented and practical programs intended to provide creative science enrichment activities for students in K-12 education who have shown exceptional skills and interest in STEM and those perceived to have high potential. After-school programs are demonstrating value in helping to close opportunity gaps for underserved and underrepresented students. These programs must enable students to participate in hands-on STEM activities and pursue inquiry-based avenues of exploration—an educational approach that BWF believes to be an effective way to increase students' understanding and appreciation of the scientific process. To improve academic achievement, programs must provide a well-defined structure that aligns with the school-day curriculum, well-trained staff, and student follow-up.

FEMA Fiscal Year 2024 & 2025 Building Resilient Infrastructure and Communities (BRIC)

(Application Deadline: July 23, 2026)

The Building Resilient Infrastructure and Communities (BRIC) grant program makes federal funds available to states, U.S. territories, federally recognized tribal governments, and local governments for hazard mitigation activities. It does so by recognizing the need to upgrade and modernize the nation's infrastructure against the growing risks to communities and the need for natural hazard risk mitigation activities that promote resilience with respect to natural hazards. BRIC aims to shift the focus of federal investments away from reactive post-disaster spending towards proactive infrastructure-focused hazard mitigation. For this funding opportunity, the program prioritizes investment in infrastructure and construction projects that deliver immediate, measurable risk reduction to communities vulnerable to natural hazards. BRIC emphasizes the adoption and enforcement of modern building codes and limits capability- and capacity-building activities to those directly tied to infrastructure resilience, such as building code adoption and enforcement.

***NEW* Renew NC Commercial District Revitalization (CDR) Program**

(Application Deadline: August 4, 2026)

The Renew NC Commercial District Revitalization Program is for eligible local governments and nonprofit organizations to revitalize designated commercial districts damaged by Hurricane Helene. Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers, and jobs are restored. By facilitating the return of commercial districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community. Eligible applicants include local governments (municipalities, counties) and nonprofit organizations with demonstrated capacity to carry out revitalization projects and in partnership with local government. Grants generally range from \$500,000 up to \$10 million per project, depending on scope and need.

NC Dept of Commerce Small Business Infrastructure Grant Program

(Application Deadline: Rolling)

Local governments in North Carolina located in areas impacted by Hurricane Helene can now apply for grants from the new Small Business Infrastructure Grant Program (SmBIZ). The purpose of the SmBIZ Fund is to (1) Provide financial assistance for community recovery and resilience to communities specifically impacted by Hurricane Helene, helping to bring back vital services for small businesses and entrepreneurs; (2) Restore and repair critical infrastructure, allowing small businesses to resume function and operations to support economic recovery and sustainability; and (3) Assist in restoring or expanding small businesses' ability to attract customers to business districts to help retain business, expand access, spur private investment to create stability, and leverage resources to create resiliency and economic growth. The SmBIZ program will offer grants to local governments, and the related infrastructure projects will target and support small businesses that employ 150 or fewer employees. Funding will be awarded on a first-come, first-served basis. Qualifying infrastructure must serve one or more businesses within the identified project area and must have been damaged by Hurricane Helene. The infrastructure cannot be owned by the small business, nor can it be such that the small business is responsible for maintaining it. Infrastructure may include but will not be limited to water, sewer, gas, telecommunications, high-speed broadband, electrical utility, sidewalk and curb infrastructure, and other repairs that remove barriers and restore or increase access to impacted small businesses.

Bank of America Nonprofit Grant Funding: Empowering Communities

(Application Deadline: June 29, 2026)

Our priorities include basic needs, income creation, stable housing, empowered communities. All thriving communities start with meeting the individual basic needs of its members. That starts with ensuring certainty when it comes to shelter, food, and health. As basic needs are established, individuals can focus on development through mentoring, skill building, work experience and entrepreneurial growth. These activities enable the creation of income for both the individual, as well as those they serve and employ. Income creation and access to affordable housing allows individuals to find stability through stable housing in neighborhoods where connections are further strengthened. Stable, skilled, connected individuals contribute to the growth of empowered communities that give back to their neighborhoods, address systemic issues head on and ensure the longevity of where they call home. Organizations in Asheville, NC, are eligible to apply.

HRSA Rural Communities Opioid Response Program - Impact

(Forecasted Deadline: May 18, 2026)

The Rural Communities Opioid Response Program (RCORP)–Impact funds rural communities to drive measurable improvements in access to integrated, coordinated treatment and recovery services for substance use disorder (SUD), including opioid use disorder (OUD). Its long-term aim is to reduce morbidity and mortality associated with SUD and enable sustained recovery and well-being. The program supports: (1) New or expanded evidence-based SUD prevention, treatment, and recovery services in rural areas; (2) Coordination across health and supportive social services to enable sustained, long-term recovery; (3) A larger, more responsive workforce to address SUD-related needs; and (4) Multi-sector community networks to strengthen and sustain local service delivery. The focus of RCORP-Impact is on reducing the impact of opioid misuse on rural America. However, HRSA recognizes that people who misuse opioids often struggle with other substances

as well, including alcohol. Therefore, RCORP-Impact supports a comprehensive approach to address all SUD, including OUD, within a continuum of mental, behavioral, and related social supports. 80 awards are expected of up to \$750,000.

***UPDATED* HRSA Rural Residency Planning and Development Program**

(Forecasted Deadline: May 29, 2026)

The Rural Residency Planning and Development (RRPD) program improves and expands rural health care access. It does this by developing new, accredited, sustainable rural residency programs, including rural track programs (RTPs). Newly created rural physician residency programs increase training and ultimately practice in rural areas to address physician shortages. The RRPD program provides start-up funding to create new rural residency programs in qualifying medical specialties. Long-term sustainability funding must come from viable and stable sources, such as Medicare, Medicaid, and other public or private sources. Qualifying medical specialties are: Family medicine, Internal medicine, Preventive medicine, Psychiatry, General surgery, Obstetrics, and gynecology. For this notice of funding opportunity (NOFO), rural residency programs: (1) Are accredited physician residency programs, (2) Train residents in clinical training sites that are physically located in a rural area as defined by HRSA's Federal Office of Rural Health Policy (FORHP) for greater than 50 percent of their total time in residency, and (3) Focus on preparing physicians to practice in rural communities. 14 awards are expected of up to \$750,000.

VA Staff Sergeant Fox Suicide Prevention Grant Program Funding Opportunity

(Application Deadline: June 12, 2026)

The Department of Veterans Affairs (VA) is announcing the availability of funds for new and renewing suicide prevention grants under the Staff Sergeant Fox Suicide Prevention Grant Program (SSG Fox SPGP) for services in Federal Fiscal Year (FY) 2027. The SSG Fox SPGP directs efforts to reduce Veteran suicide by awarding grants to community-based organizations to directly provide or coordinate the provision of primarily non-clinical suicide prevention services to eligible individuals and their families. Eligible individuals include certain Veterans and Active-Duty Service Members as defined by statute and regulations. Veteran suicide risk is reduced by services that improve mental health status, well-being, financial stability, and social support. Services provided by grantees may include case management, peer support, linkage to VA care and benefits, emergency clinical services, faith-based or innovative approaches. Most Veterans who die by suicide were not engaged with VA in the years prior to their deaths. This program addresses a critical gap by engaging and serving Veterans at risk for suicide who were previously out of VA's reach and their family members.

The Duke Endowment: Health Care Program

(Application Deadline: May 15 and November 15, annually (pre-application))

The Duke Endowment believes that all people can achieve their best health when communities are designed to support healthy lifestyles and when our health care system is able to engage patients and provide holistic care that meets the unique needs of each individual. Improving health and reducing health disparities will require communities and the health care system to innovate. We look for opportunities to support the development and testing of new approaches that can outperform the current standard of care. These new approaches will require robust evaluation plans that can build the evidence necessary to understand what works and accelerate the systemic reforms necessary to scale and sustain best practices. In his Indenture of Trust, our founder focused Health Care funding to priority organizations in the Carolinas. Examples include: Non-for-profit hospitals, Academic health centers, Area health education centers, Select organizations in counties without an eligible hospital, and Not-for-profit inpatient facilities.

Dunkin' Connecting Joy

(Application Deadline: June 4, 2026)

Dunkin' Connecting Joy helps bring comprehensive gaming programs to hospitals nationwide. Gaming is not only a wonderful activity for kids of all ages and abilities, it can help provide them with a sense of normalcy and connection while hospitalized, providing positive distraction from their ongoing care. These grants support hospitals with equipment, staffing, connectivity, and other relevant needs so that kids can enjoy gaming experiences at their bedside and even play with family and friends back home. To be eligible for funding, applicants must be a children's hospital, general hospital with dedicated pediatric department, or nonprofit organization serving children battling illness within geographic proximity to Dunkin' locations. Organizations can apply for a variety of support options including: (1) Pediatric Gaming Technology Specialist, (2) Systems and connectivity, and (3) Virtual programming that connects pediatric and teen patients with other patients their age. The grants are structured for single- or multi-year programming not to exceed three years. Grant amounts vary but typically range from \$25,000-\$65,000 per year. Grants do not exceed \$150,000.

Dunkin' Dogs for Joy

(Application Deadline: June 4, 2026)

The Dogs for Joy™ program has funded over 50 in-resident dogs at hospitals across the country. A facility dog is professionally trained to work in a healthcare setting. Unlike volunteer dogs that visit a hospital or medical center for a short time, facility dogs are at the hospital every day with their handlers. In most cases they are used exclusively for clinical work. The dogs can physically interact with patients to provide comfort and love. They're trained to help with tasks like teaching kids how to take medication, keeping them calm during medical interventions and providing incentives to get out of bed to walk. These dogs serve as a source of happiness and provide a sense of normalcy for patients. To be eligible, applicants must be a children's hospital or general hospital with a dedicated pediatric department and be within geographic proximity to Dunkin' locations. Grant amounts vary but typically range from \$50,000-\$60,000 for year one and \$15,000-\$25,000 for years 2 and 3 (for one dog). Grants do not exceed \$150,000.

W.K. Kellogg Foundation – Good Health and Health Equity

(Application Deadline: Rolling (LOI))

We focus our health equity grantmaking in two priority areas: (1) Public health and health care and (2) Maternal and child health. Public health and health care: Good health is about more than medical care. Health equity means removing economic and social barriers that prevent people from experiencing optimal health, such as poverty, lack of transportation and education opportunities and environmental factors. We look for innovative initiatives that: (1) Advance systemic and policy changes; (2) Promote health care access and coverage; (3) Strengthen and build capacity in the public health infrastructure; (4) Increase coordination between sectors and communities, emphasizing a holistic approach to what impacts health; and (5) Introduce new narratives to increase understanding of health inequities and the urgency to address them. Maternal and child health: In the U.S., racial disparities in maternal and infant mortality and morbidity persist across all socioeconomic statuses – especially for Black and Indigenous families. Our grantmaking promotes peak health for birthing parents and our youngest children, prenatal through infancy. We look for initiatives that: (1) Increase the availability of culturally relevant care in close proximity to communities most impacted by disparities; (2) Promote the expansion of health coverage; (3) Address the systems that create obstacles for optimal health; (4) Strengthen the maternal-child health care workforce; and (5) Address racism within the health care system.

The Collaborative for Gender + Reproductive Equity (CGRE) - State Power-Building Grants

(Introduction via Contact Form)

The Collaborative for Gender + Reproductive Equity (CGRE) is a one-of-a-kind community that creates the space for funders to learn together, amplify the impact of their giving, and accelerate change in five-year increments. We provide funding to unite advocates who are pioneering new approaches across issue silos to defend gender, reproductive, and racial equity and work towards a future where every person has the resources and autonomy to thrive. State Power-Building Grants - We provide flexible multi-year support to organizations and issue-based campaigns that build movement power and shift public opinion towards equity at the state level. We seek to support organizations in key states during and beyond urgent moments, so they are able to respond to threats in real time and continue their movement-building work into the future—supporting their communities in the ways they know best. To ensure leaders can build long-term power and sustain their programs beyond knee-jerk interventions, we provide multi-year support to state-based organizations and issue-specific campaigns—particularly those led by impacted communities, including women, gender-expansive individuals, and BIPOC communities—who are working towards a vision of equity that includes protecting and advancing economic opportunity, reproductive autonomy, racial justice, and a representative democracy.

***NEW* Burroughs Wellcome Fund Climate Change and Human Health Seed Grants**

(Application Deadline: July 23, 2026)

The Burroughs Wellcome Fund aims to stimulate the growth of new connections between thinkers working in largely disconnected fields, who, together, may change the course of climate change's impact on human health. Between Fall 2023 and Summer 2026, we will dedicate \$1 million to supporting small, early-stage grants of \$2,500–\$50,000 toward achieving this goal. We are primarily, but not exclusively, interested in activities that build connections between basic and early biomedical scientific approaches and ecological, environmental, geological, geographic, and planetary-scale thinking, as well as with population-focused fields, including epidemiology and public health, demography, economics, and urban planning. Also of interest is work piloting new approaches or interactions aimed at reducing the impact of health-centered activities, such as developing more sustainable systems for healthcare, care delivery, and biomedical research. Another area of interest is preparation for the impacts of extreme weather and other crises that can lead to large-scale disruptions, immediately affecting human health and the delivery of healthcare. Public outreach, climate communication, and education efforts focused on the intersection of climate and health are also appropriate for this call.

Indian Land Tenure Foundation

(Application Deadline: Rolling (LOI))

The mission of the Indian Land Tenure Foundation is to ensure that land within the original boundaries of every reservation and other areas of high significance where tribes retain aboriginal interest are in Indian ownership and management. This mission will be achieved with four strategies: (1) Education - The focus is on land history and tenure through the Lessons of Our Land curriculum, and professional development for K-12 teachers using the curriculum. (2) Economic Opportunity - The focus is on supporting effective tools and providing resources that improve Indian use and control of reservation lands for the long-term benefit of their community, including projects that help tribal communities prioritize land acquisition, understand and create opportunities for the productive use of Indian land, and develop mechanisms to expand direct owner management of their land. (3) Cultural Awareness - The focus is on supporting activities aimed at enhancing and maintaining cultural ties to the land. (4) Legal Reform - The focus is on projects designed to advance ideas and policies granting Indian landowners and tribes greater control of their land assets. Example projects might include estate planning and probate reform in tribal communities; land policy development or reform; landowner associations; engaging local, state, and federal government leaders in a dialogue about the tribe exercising its sovereignty over tribal land; and initiatives to improve the legal landscape for owning and managing Indian land. Grants typically range up to \$100,000, but occasionally larger are made.

NEW USGS Cooperative Landslide Hazard Mapping and Assessment Program Announcement for Fiscal Year 2026

(Application Deadline: June 8, 2026)

The U.S. Geological Survey (USGS) Landslide Hazards Program announces a funding opportunity under the Cooperative Landslide Hazard Mapping and Assessment Program, established by the National Landslide Preparedness Act (Public Law 116-323). This program provides resources to assist state, local, Tribal, and territorial governments in reducing landslide risk through hazard mapping, risk assessments, public education, and interagency coordination. Landslides occur in every U.S. state and territory, often with little warning, causing fatalities, disrupting transportation and commerce, and inflicting billions of dollars in damage annually. This program addresses these

challenges by funding projects that: (1) Enhance Risk Assessments: Develop detailed landslide hazard maps and analyses to identify high-risk areas. (2) Improve Community Preparedness: Deliver outreach campaigns, workshops, and educational materials that empower residents and decision-makers to recognize warning signs and prepare for landslide events. (3) Promote Collaboration: Build partnerships among government agencies, universities, and local organizations to share knowledge and resources for effective risk reduction. Eligible applicants include state, local, Tribal, and territorial governments.

***NEW* ACF ORR Home Study and Post-Release Services for Unaccompanied Alien Children**

(Forecasted Deadline: June 23, 2026)

The Office of Refugee Resettlement (ORR) provides temporary housing and care for children who arrive in the United States alone. These are children who are under 18 years old, don't have legal permission to be in the U.S., and don't have a parent or legal guardian in the U.S. who can take care of them. ORR runs the Home Study and Post-Release Services Program to help these children. Before placing a child with a sponsor, ORR carefully checks potential homes to make sure they're safe and appropriate. After placement, ORR provides ongoing support to help children and their sponsors succeed. This support helps children adjust to living with their sponsor, connect with their community, stay safe and healthy, and navigate the immigration court process. The goal is to make sure children are placed in safe homes and have the support they need to thrive while their immigration cases move forward. 15 awards are anticipated.
