## Federal Grants

### RenewNC Workforce Housing for Ownership Program

*(Application Deadline: December 13, 2026)*

The Workforce Housing for Ownership Program will fund development of workforce housing units for ownership. There is a distinct need within the HUD-Identified Most Impacted and Distressed (MID) counties for additional homeownership opportunities that are affordable to broader segments of the workforce to incentivize them to remain in western NC following Helene and to partially remedy inadequate housing production in past years across western NC. The term “workforce,” as used under this program, refers to households up to 80% of AMI. Qualified local governments, public, private, or non-profit organizations, and Community Development Housing Organizations (CHDOs)/Community Based Development Organizations (CBDOs) may be eligible to apply for program funds.

### **\*NEW\* RenewNC Commercial District Revitalization Program**

*(Forecasted Deadline: TBD, Prescreening Now Open)*

The Renew NC Commercial District Revitalization Program is for eligible local governments and nonprofit organizations to revitalize designated commercial districts damaged by Hurricane Helene. Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers, and jobs are restored. By facilitating the return of commercial districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community. Grants generally range from \$500,000 up to \$10 million per project, depending on scope and need.

### **NC Dept of Environmental Quality Western NC Recovery Grants Program**

*(Application Deadline: Rolling)*

DEQ established the Western NC Recovery Grants Program to direct federal and state funding into rural communities impacted by the devastation of Hurricane Helene. We provide direct, free-of-charge grant writing support to rural towns, counties and regions to increase federal and state funding for projects within Western North Carolina, offering a comprehensive approach to long-term financial planning through grant strategies that leverage state funds. The Western NC Recovery team has hired grants staff to work directly with town, county or council of government staff on grant applications, offering customized support to each agency. If you already have a grant application selected or underway, we can provide support with either technical assistance (drafting portions of a grant application, reviewing and making recommendations, etc.) or full grant writing support. If you don't yet know which opportunity is right for you, then our support begins by learning more about your project and helping your organization select the programs that are most

suited for the work. Then, we work with a designated member of your staff to develop a compelling grant narrative and source all the information that is required for each federal or state grant opportunity. We focus primarily on local governments in rural communities in the federal government's 39 Major Disaster-Declared counties across Western North Carolina. If you are a nonprofit in an active partnership with a local government, we can also support you with funding research and grant support.

### **NC Dept of Commerce Small Business Infrastructure Grant Program**

*(Application Deadline: Rolling; Funding awarded on first come, first served basis)*

Local governments in North Carolina located in areas impacted by Hurricane Helene can now apply for grants from the new Small Business Infrastructure Grant Program (SmBIZ). The purpose of the SmBIZ Fund is to (1) Provide financial assistance for community recovery and resilience to communities specifically impacted by Hurricane Helene, helping to bring back vital services for small businesses and entrepreneurs; (2) Restore and repair critical infrastructure, allowing small businesses to resume function and operations to support economic recovery and sustainability; and (3) Assist in restoring or expanding small businesses' ability to attract customers to business districts to help retain business, expand access, spur private investment to create stability, and leverage resources to create resiliency and economic growth. The SmBIZ program will offer grants to local governments, and the related infrastructure projects will target and support small businesses that employ 150 or fewer employees. Funding will be awarded on a first-come, first-served basis. Qualifying infrastructure must serve one or more businesses within the identified project area and must have been damaged by Hurricane Helene. The infrastructure cannot be owned by the small business, nor can it be such that the small business is responsible for maintaining it. Infrastructure may include but will not be limited to water, sewer, gas, telecommunications, high-speed broadband, electrical utility, sidewalk and curb infrastructure, and other repairs that remove barriers and restore or increase access to impacted small businesses.

### **NSF Organizational Change in the Professional Formation of Engineers**

*(Application Deadline: Rolling)*

The Organizational Change in the Professional Formation of Engineers (ENGINEER:OC) area supports research and activities that revolutionize the professional formation of engineers at scale. This effort helps NSF expand access to high-quality engineering education and workforce development pathways for all. Projects should take place at organizations that support the professional formation of engineers. These include all eligible types of higher education institutions. These also include other academic, informal, center-based, or workplace-based engineering or engineering technology programs. Investigators should propose projects along one of two types: innovation projects, and adaptation/implementation projects. Innovation projects develop and apply new cultural or curricular innovations at a particular setting. These innovations can represent the first practical implementation of established theory. In contrast, Adaptation/Implementation projects build on past work to adapt existing models to new contexts.

### **NSF Professional Formation of Engineers (PFE)**

*(Application Deadline: Rolling)*

The Professional Formation of Engineers (PFE) initiative integrates engineering research and education to improve and expand the nation's engineering workforce. PFE is defined as the formal and informal processes and value systems by which people become engineers. The goal of PFE is to create an ethical engineering workforce with a global outlook and the ability to adapt to the rapidly evolving technical environment. This will help build a future engineering workforce with the skills to compete in the global marketplace, support emerging technologies, and grow U.S. industry. PFE supports projects in the ENGINEER program relating to future and current engineers' training and education in many contexts, including formal classrooms, informal maker spaces, clubs and co-curricular activities, and workplaces. Such training encompasses cooperative education and internships, community-based experiences, and research labs. It also involves many scales of analysis, from mentor/mentee relationships to large-scale online learning and professional development experiences.

### **NSF STEM K-12**

*(Application Deadline: Rolling)*

The NSF STEM K-12 program in the Division of Research on Learning in Formal and Informal Settings (DRL) in the Directorate for STEM Education (EDU) supports fundamental, applied, and translational research that advances STEM teaching and learning and improves understanding of education across the human lifespan and a range of formal and informal settings. Proposals submitted to the STEM K-12 program may focus on learning or instruction in any field(s) of STEM (science, technology, engineering, or mathematics) and may involve a variety of contexts in which teaching and learning take place, including formal education (pre-K to 12) and informal learning environments. The program also supports projects that identify and address salient issues involved in translating research into educational practice for any STEM field, as well as projects that leverage insights from educational practice to drive fundamental research. Additionally, the program seeks proposals that explore how AI and other emerging technologies can be effectively leveraged to study and enhance STEM teaching and learning. Two- and four-year Institutions of Higher Education (IHEs); non-profit, non-academic organizations directly associated with educational or research activities; for-profit; State and Local governments, and Tribal Nations are eligible to apply. 40 awards are anticipated.

### **NSF Facilitating Research at Predominantly Undergraduate Institutions: Research in Undergraduate Institutions (RUI) and Research Opportunity Awards (ROA)**

*(Application Deadline: Rolling)*

The Research in Undergraduate Institutions (RUI) and Research Opportunity Awards (ROA) funding opportunities support research by faculty members at predominantly undergraduate institutions (PUIs). RUI proposals support PUI faculty in research that engages them in their professional field(s), builds capacity for research at their home institution, and supports the integration of research and undergraduate education. ROAs similarly support PUI faculty research,

but these awards typically allow faculty to work as visiting scientists at research-intensive organizations where they collaborate with other NSF-supported investigators. Eligible PUIs are accredited colleges and universities (including two-year community colleges) that award Associate's degrees, Bachelor's degrees, and/or Master's degrees in NSF-supported fields, but have awarded 20 or fewer Ph.D./D.Sci. degrees in all NSF-supported fields during the combined previous two academic years.

## **NC Dept of Commerce Small Business Infrastructure Grant Program**

*(Application Deadline: Rolling)*

Local governments in North Carolina located in areas impacted by Hurricane Helene can now apply for grants from the new Small Business Infrastructure Grant Program (SmBIZ). The purpose of the SmBIZ Fund is to (1) Provide financial assistance for community recovery and resilience to communities specifically impacted by Hurricane Helene, helping to bring back vital services for small businesses and entrepreneurs; (2) Restore and repair critical infrastructure, allowing small businesses to resume function and operations to support economic recovery and sustainability; and (3) Assist in restoring or expanding small businesses' ability to attract customers to business districts to help retain business, expand access, spur private investment to create stability, and leverage resources to create resiliency and economic growth. The SmBIZ program will offer grants to local governments, and the related infrastructure projects will target and support small businesses that employ 150 or fewer employees. Funding will be awarded on a first-come, first-served basis. Qualifying infrastructure must serve one or more businesses within the identified project area and must have been damaged by Hurricane Helene. The infrastructure cannot be owned by the small business, nor can it be such that the small business is responsible for maintaining it. Infrastructure may include but will not be limited to water, sewer, gas, telecommunications, high-speed broadband, electrical utility, sidewalk and curb infrastructure, and other repairs that remove barriers and restore or increase access to impacted small businesses.

## **CDC Cancer Prevention and Control Programs for State, Territorial, and Tribal Organizations**

*(Application Deadline: February 5, 2027)*

This NOFO will fund eligible applicants to facilitate collaborative planning and implementation of evidence-based cancer surveillance, prevention, and control strategies in communities that improve the provision of clinical preventive services, and cancer survivorship. This program takes a comprehensive, coordinated approach to achieve these goals. It supports breast and cervical cancer screening and diagnostic services, cancer control plan implementation by coalitions, and surveillance programs to monitor and report cancer burden. These goals will be accomplished by funding three national programs: Program 1: National Breast and Cervical Cancer Early Detection Program (NBCCEDP) supports clinical services for women with low incomes who do not have adequate insurance and implementation of evidence-based interventions in the clinics that serve them. Program 2: National Comprehensive Cancer Control Program (NCCCP) supports cancer coalition efforts that use their individual and collective resources to plan and implement evidence-based strategies as described in jurisdiction-wide cancer plans. Program 3: National Program of Cancer Registries (NPCR) supports the implementation of a population-based central cancer registry program.

## **HRSA Rural Health Network Development Program**

*(Forecasted Deadline: March 16, 2027)*

The Rural Health Network Development program supports integrated health care networks that address health care needs of targeted rural communities. Applicants may choose between two funding tracts. The Network Advancement Tract supports networks comprised of independent rural hospitals and clinics in integrated network collaboration. It bridges support to offset small scale structural barriers that make it difficult for rural providers to compete in an increasingly consolidated health care system landscape and is designed to help bring economic efficiencies to small independent rural entities by expanding and enhancing their ability to strengthen operations, preserve existing services, and build new lines of care through integrated network collaboration that preserves local autonomy. The Network Development Tract supports nascent/early-stage integrated rural health care networks with funding to plan, develop, and carry out targeted operational or clinical service expansion activities. Both tracts aim to expand access to care, improve coordination and quality, strengthen health outcomes, increase efficiency, and support a stronger rural health care system. 23 awards are anticipated, ranging from \$300,000 to \$500,000.

## **HRSA Rural Residency Planning and Development Program**

*(Forecasted Deadline: March 18, 2027)*

The Rural Residency Planning and Development (RRPD) program improves and expands rural health care access. It does this by developing new, accredited, sustainable rural residency programs, including rural track programs (RTPs). Newly created rural physician residency programs increase training and ultimately practice in rural areas to address physician shortages. The RRPD program provides start-up funding to create new rural residency programs in qualifying medical specialties. Long-term sustainability funding must come from viable and stable sources, such as Medicare, Medicaid, and other public or private sources. Qualifying medical specialties are: Family medicine, Internal medicine, Psychiatry, General surgery, and Obstetrics and gynecology. For this notice of funding opportunity (NOFO), rural residency programs: (1) Are accredited physician residency programs. (2) Train residents in clinical training sites that are physically located in a rural area as defined by HRSA's Federal Office of Rural Health Policy (FORHP) for greater than 50 percent of their total time in residency. (3) Focus on preparing physicians to practice in rural communities. 15 awards are anticipated of up to \$750,000.

## **CDC Comprehensive Suicide Prevention Program for States**

*(Forecasted Deadline: April 17, 2027)*

This forecast is for CDC's Comprehensive Suicide Prevention Program for States, a cooperative agreement intended to support implementation and evaluation of a comprehensive public health approach to suicide prevention in the United States. Funded recipients will focus on one or more Focus Prevention Areas (FPAs), groups or settings identified through available data as experiencing a significant suicide burden, higher suicide morbidity or mortality rates or emerging suicide-related trends. Examples may include veterans, people living in rural areas, youth, older adults, men, and members of occupational groups at elevated risk, such as construction, agriculture and public safety workers. Recipients will use timely and relevant data to identify FPAs, understand contributors to suicide and suicidal behavior, monitor emerging trends, and guide prevention planning and response. Recipients will also assess existing suicide prevention programs and gaps in their jurisdiction, strengthen and coordinate multi-sector partnerships, select and implement complementary prevention strategies and approaches with the best available evidence from CDC's Suicide Prevention Resource for Action and communicate programmatic and surveillance findings, progress, successes and lessons learned to partners and other key audiences. 26 awards are anticipated, ranging from \$650,000 to \$1,200,000.

## Foundation Grants

### The Duke Endowment: Health Care Program

*(Application Deadline: November 15 and May 15, annually (pre-application))*

The Duke Endowment believes that all people can achieve their best health when communities are designed to support healthy lifestyles and when our health care system is able to engage patients and provide holistic care that meets the unique needs of each individual. Improving health and reducing health disparities will require communities and the health care system to innovate. We look for opportunities to support the development and testing of new approaches that can outperform the current standard of care. These new approaches will require robust evaluation plans that can build the evidence necessary to understand what works and accelerate the systemic reforms necessary to scale and sustain best practices. In his Indenture of Trust, our founder focused Health Care funding to priority organizations in the Carolinas. Examples include: non-profit hospitals, Academic health centers, Area health education centers, Select organizations in counties without an eligible hospital, and Not-for-profit inpatient facilities.

### Klingenstein Philanthropies – Transformation of Mental Health Care

*(Application Deadline: November 20, 2026)*

We are soliciting applications for academic investigators conducting research to demonstrate the benefits of novel ways to access or deliver mental health care or prevention approaches that can be implemented at scale. This application is specifically for high quality research that builds upon promising pilot work, adapts interventions for future scaling using established principles from community participatory approaches and implementation science frameworks, and has the potential to lead to a larger demonstration project. In particular, Klingenstein Third Generation Foundation is interested in improving access to high quality mental health care and prevention for children and adolescents through the use of novel models or promising approaches leveraging the latest science from mental health services research and implementation science. The foundation expects to make up to two grant awards. Each award will be in the amount of \$100,000 per year over a two-year period, for a total of \$200,000 per grant.

## **Borealis Philanthropy Just Futures Initiative**

*(Application Deadline: Rolling While Funding Remains Available (LOI))*

The Just Futures (JF) Initiative seeks to support a new generation of advocacy and leadership that are shaping democracy through community safety, reform, justice, and belonging—recognizing that when our communities are criminalized, surveilled, policed, or punished for who they are, they are denied basic rights, opportunity, and social inclusion. Just Futures seeks to expand support for the organizations, coalitions, emerging formations, and leaders carrying community safety work forward by prioritizing funding for organizations that believe in and help advance a world of: (1) Safety Without State Violence: Communities are safe not because they are heavily policed or over-incarcerated, but because their needs are met, their dignity is honored, and they belong. (2) Freedom from Criminalization: A truly free society that invests in care, not cages. (3) Protection of Civil and Human Rights: People's rights to protest, vote, move, speak, and live are preserved and prioritized. (4) Belonging and Civic Power: Through narrative change, systems change, and a commitment to collective power-building, everyone has a voice and feels that their voice matters.

## **The Collaborative for Gender + Reproductive Equity (CGRE) - State Power-Building Grants**

*(Introduction via Contact Form)*

The Collaborative for Gender + Reproductive Equity (CGRE) is a one-of-a-kind community that creates the space for funders to learn together, amplify the impact of their giving, and accelerate change in five-year increments. We provide funding to unite advocates who are pioneering new approaches across issue silos to defend gender, reproductive, and racial equity and work towards a future where every person has the resources and autonomy to thrive. State Power-Building Grants - We provide flexible multi-year support to organizations and issue-based campaigns that build movement power and shift public opinion towards equity at the state level. We seek to support organizations in key states during and beyond urgent moments, so they are able to respond to threats in real time and continue their movement-building work into the future—supporting their communities in the ways they know best. To ensure leaders can build long-term power and sustain their programs beyond knee-jerk interventions, we provide multi-year support to state-based organizations and issue-specific campaigns—particularly those led by impacted communities, including women, gender-expansive individuals, and BIPOC communities—who are working towards a vision of equity that includes protecting and advancing economic opportunity, reproductive autonomy, racial justice, and a representative democracy.

### **Third Wave Fund**

*(Application Deadline: Varies Based on Opportunity)*

The Third Wave Fund resources and supports youth-led, intersectional gender justice activism. Our grantmaking and donor mobilizing advances the community power, well-being, and self-determination of young Black, Indigenous, People of Color (BIPOC) most directly impacted by and best positioned to end gender oppression. We specifically resource grassroots movements that are 1) multi-issue, 2) community-led (we define “community-led” movements as being led by those who are directly impacted by oppression) and 3) unapologetically queer, trans, intersex, and sex worker-led. The Third Wave Fund offers six grantmaking initiatives: Three of these programs are a part of a de-siloed strategy of funding intersectional gender justice work that can be too expansive to fit into traditional funder categorizations – the Mobilize Power Fund, Own Our Power Fund, and the Grow Power Fund. The Mobilize Power Fund makes rapid response grants to urgent and unexpected movement moments year-round, while the Own Our Power Fund and Grow Power Fund make long-term investments in visionary and emerging organizations moving reproductive and gender justice forward at the grassroots level. The remaining three grantmaking initiatives – the Accountable Futures Fund, the Disability Frontlines Fund, and the Sex Worker Giving Circle – seek to spotlight thriving areas of gender justice work that are under-resourced and under-represented within philanthropy. The Accountable Futures Fund supports young BIPOC to navigate conflict and harm in ways that decrease the power of carceral and state systems,

specially via transformative justice, restorative justice, and community accountability. The Disability Frontlines Fund resources by and for disability justice groups working for gender justice. The Sex Worker Giving Circle is a cross-class, multi-racial, intergenerational, and participatory grantmaking and donor organizing strategy to support sex worker-led organizing.

Progressive Multiplier helps groups build or strengthen the capacities needed to sustain revenue generation, as well as adopt or refine IRG best practices, and innovate new ways to generate revenue. Our programs are designed to meet groups where they are in their journey towards economic liberation, offering the right blend of training, tools, peer community support, financial resources, and strategic guidance. We offer the following programs, which are open to receiving LOIs: (1) The Catalyst - The Catalyst provides hands-on technical assistance and funding that helps groups build the catalytic capacities needed for revenue acceleration or revitalization. It also supports groups in implementing independent revenue generation best practices like launching a monthly donor program. (2) The Lab - At The Lab, we invest in groups to test fundraising ideas that expand our movement IRG knowledge base that can significantly boost their revenue streams. We offer resources to experiment, innovate, and refine tactics that drive sustainable financial growth. Awards range from \$10,000 - \$50,000.

## **Indian Land Tenure Foundation**

*(Application Deadline: Rolling (LOI))*

The mission of the Indian Land Tenure Foundation is to ensure that land within the original boundaries of every reservation and other areas of high significance where tribes retain aboriginal interest are in Indian ownership and management. This mission will be achieved with four strategies: (1) Education - The focus is on land history and tenure through the Lessons of Our Land curriculum, and professional development for K-12 teachers using the curriculum. (2) Economic Opportunity - The focus is on supporting effective tools and providing resources that improve Indian use and control of reservation lands for the long-term benefit of their community, including projects that help tribal communities prioritize land acquisition, understand and create opportunities for the productive use of Indian land, and develop mechanisms to expand direct owner management of their land. (3) Cultural Awareness - The focus is on supporting activities aimed at enhancing and maintaining cultural ties to the land. (4) Legal Reform - The focus is on projects designed to advance ideas and policies granting Indian landowners and tribes greater control of their land assets. Example projects might include estate planning and probate reform in tribal communities; land policy development or reform; landowner associations; engaging local, state, and federal government leaders in a dialogue about the tribe exercising its sovereignty over tribal land; and initiatives to improve the legal landscape for owning and managing Indian land. Grants typically range up to \$100,000, but occasionally larger are made.

#### **NEA Arts & Artifacts Indemnity Program**

*(Application Deadline: March 8, 2027 (International); December 7, 2026, and June 7, 2027 (Domestic))*

The U.S. Government's Arts & Artifacts Indemnity Program was created by Congress in 1975 to provide the American people with access to art and artifacts of historical and cultural significance by minimizing the costs of insuring international exhibitions. In 2007, Congress expanded eligibility under the Program to include coverage of works of art owned by U.S. entities while on exhibition in the United States. The Indemnity Act authorizes the Federal Council on the Arts and the Humanities to indemnify museums against loss or damage to works of art or artifacts that are lent to museum exhibitions. U.S. nonprofit museums and organizations planning temporary exhibitions that involve bringing works of art and/or artifacts from abroad to the United States or sending works of art and/or artifacts from the United States abroad may be eligible for International Indemnity coverage. Those planning temporary exhibitions within the United States may be eligible for Domestic Indemnity coverage for objects owned by U.S.-based entities.

### NC IMLS Library Services and Technology Act (LSTA) Project Grants

*(Application Deadline: November 1, 2026 (LOI); March 1, 2027 (Full Application))*

Libraries are invited to apply for funding that supports a new or improved program or service that will solve a specific problem or meet an identified need of the library's current or potential users. This competitive grant program allows libraries to focus on meeting their users' needs by developing a project that has a user-focused need statement, defined outcomes, a timeline with a series of actions spread out over the funding period, and an evaluation that measures how well the outcomes were met. Projects need to support one of the goals from North Carolina's LSTA Five Year Plan. The following are eligible to apply: A public library or library system that meets the eligibility requirements for the Aid to Public Libraries Fund (State Aid); Community college libraries; North Carolina Independent Colleges and Universities member libraries; and University of North Carolina system libraries, which includes libraries serving the Area Health Education Centers affiliated with eligible UNC and NCICU institutions. These grants are for more complex projects that may be single or multi-year. The minimum that may be requested for Project Grants is \$50,000; the maximum is \$100,000 for single year projects and \$150,000 per year for multi-year projects.

### The Shubert Foundation Inc.

*(Application Deadline: December 3, 2026 (Theatre application))*

The Shubert Foundation is dedicated to sustaining and advancing the live performing arts in the United States, with a particular emphasis on theatre and a secondary focus on dance. The Foundation's Board of Directors believes that the most effective way to encourage the artistic process is by providing the general operating support that reinforces the structure that nurtures its development. Accordingly, the Foundation does not earmark its awards; all allocations are unrestricted. Although our primary emphasis is on theatre, with a secondary focus on dance, we do also offer some awards to arts-related organizations and MFA programs that help support their growth and advancement.
